Karnataka.

ANNUAL WORK PLAN

2024-25

DISTRICT SKILL MISSION COMMITTEE
RAMANAGARA RURAL DISTRICT

To Whom it may Concern

This letter is to formally confirm that I have reviewed the documents submitted by the District Personnel. I hereby attest that the information provided is accurate & complete to the best of my knowledge. Additionally, I approve the plan as outlined in the submitted documents.

Thanking You,

Yours Sincerely,

(Dr. N. Shivashankar)
Deputy Commissioner
Bangalore Rural District

Skill Development, Entrepreneurship & Livelihood Department

District Skill Mission & Skill Development Office

Government of Karnataka

Room No.: 132, First Floor, Beerasandra Grama, Kumdana Hobli, Devanahalli Taluk-562110.
E-mail Id:dsdobngrural@gmail.com

DECLARATION

"This is to confirm that the plan has been prepared by the district and all data, information provided has been taken from the credible sources and referenced in the proposal".

District Coordinator (SANKALP),
District Skill Mission,
Bangalore Rural District, Karnataka.

DSDO & Member Secretary,
District Skill Mission,
Bangalore Rural District, Karnataka.

1.Background

About DSDP

Ministry of Skill Development & Entrepreneurship (MSDE) developed District Skill Development Plan (DSDP) tool kit to develop DSDP at district level. Karnataka Skill Development Corporation (KSDC) is focusing on Improved Quality and Market Relevance of Skill Development Programmes across the districts of the state. KSDC, Project Management Team (PMT) is working on the District Skill Development Plan. PMT collected data for District Skill Development Plan.

On the 'SANKALP' Portal, captured the details on District Overview, As Is Schemes, As-Is Trainer Data, As-Is ITI Trade Data, As-Is TC Information, As-Is Agri and Trainee Analysis. It helped in developing District Skill Matrix. District skill matrix is the tool to measure the skill training capacity and process maturity of the district w.r.t Technical and Vocational Training (TVET). The district skill matrix has been designed to be in sync with the State Improvement Grant (SIG) Matrix and is structured around the three components listed below.

Component 1 – Institutional Strengthening

Component 2 – Enhancing Market Relevance and Quality

Component 3 – Inclusion and Access

District Skill Committees (DSCs)

Since the District Skill Committees (DSCs) are mandated to do planning and skill training they need assistance and guidance in the form of a standard framework. For example, most of the districts across the country have DSCs, but are called with different names such as District Skill Development Committee, District Skill Development Authority etc. The members of these committees are District administration officials from the various departments like Agriculture, Industrial Training & Employment, District Lead bank, District Industries Centre, Fisheries, Horticulture, Rural Development &Panchayat Raj, Textiles etc. Members from industry and civil society organizations can also be co-opted under DSC.

District Skill committee is formed in Bangalore Rural district and the committee is engaging in (i) Planning, (ii) Mobilisation and Counselling, (iii)Industry engagement & Entrepreneurship, (iv) Monitoring & Evaluation and MIS and (v) other Support Functions. There are 16 members from different line departments are the members of the DSC and the committee chairperson is Deputy Commissioner of the district.

All the eight committees have been formed in Bangalore Rural district with all the requisite members appointed as per the requirement of DSC Skill Book Sub-committees are formed which can take up specific set of activities and projects. Some of the sub committees that the DSC is given below.

Objectives:

The objectives of adoption and usage of DSDP are as follows,

- To understand the Skill ecosystem of Bangalore Rural district.
- To create Institutional Mechanism for designing, implementation, M&E of skill development programmes and assign roles and responsibilities to streamline the process for achievement of desirable outcomes.
- To create convergence of skill development programmes to avoid the duplicity in the implementation at the district level and better utilisation of the financial resources.
- To understand the type, nature and coverage of the skill development activities implemented by the other departments apart from State skill development mission (SSDM)
- To understand the capacity, competence and formal recognition of existing trainers in the district.
- To understand the current capacity of training partners across the variety of sectors and job roles and examine the status of adoption of NSQF framework.
- To understand the current role and capacity of primary sector in the economy of the district.
- To understand the coverage of marginalised communities in the demand sector and job roles, placement of the candidates, average enumeration etc.
- To understand the progress of the skill development activities within the district against the three major components.

  (a) Institutional Strengthening at the District Levels for Planning, Delivering, and Monitoring of Skill Development Programs.

  (b) Improved Quality and Market Relevance of Skill Development Programs.

  (c) Improved Access and Completion of Skill Training for Women and Other Disadvantaged Groups.

- To understand the demand and perspective of the industry in terms of expected recruitment, job roles, skill gap, quality of training etc.
- To understand the gap between supply side and demand side for design and improvement of current policies and procedures.
- To create a holistic annual action plan with the defined outcomes based on the gaps identified during the study.

Objective of Annual Work Plan

The major objectives of the Annual Work Plan are

- To provide convergence platform among skilling stakeholders to standardize skilling, promote maximum utilization of resource under common skilling norms in the state.
- To conduct workshops, capacity building and awareness programmes to promote the skill development programmes in the district.
- To Study the demand and supply in district and implementing and monitoring such job roles quality training.
- To develop robust skill plans, monitoring and evaluation enable MIS system covering all skilling activates align with requirement of the district.

2. District Profile

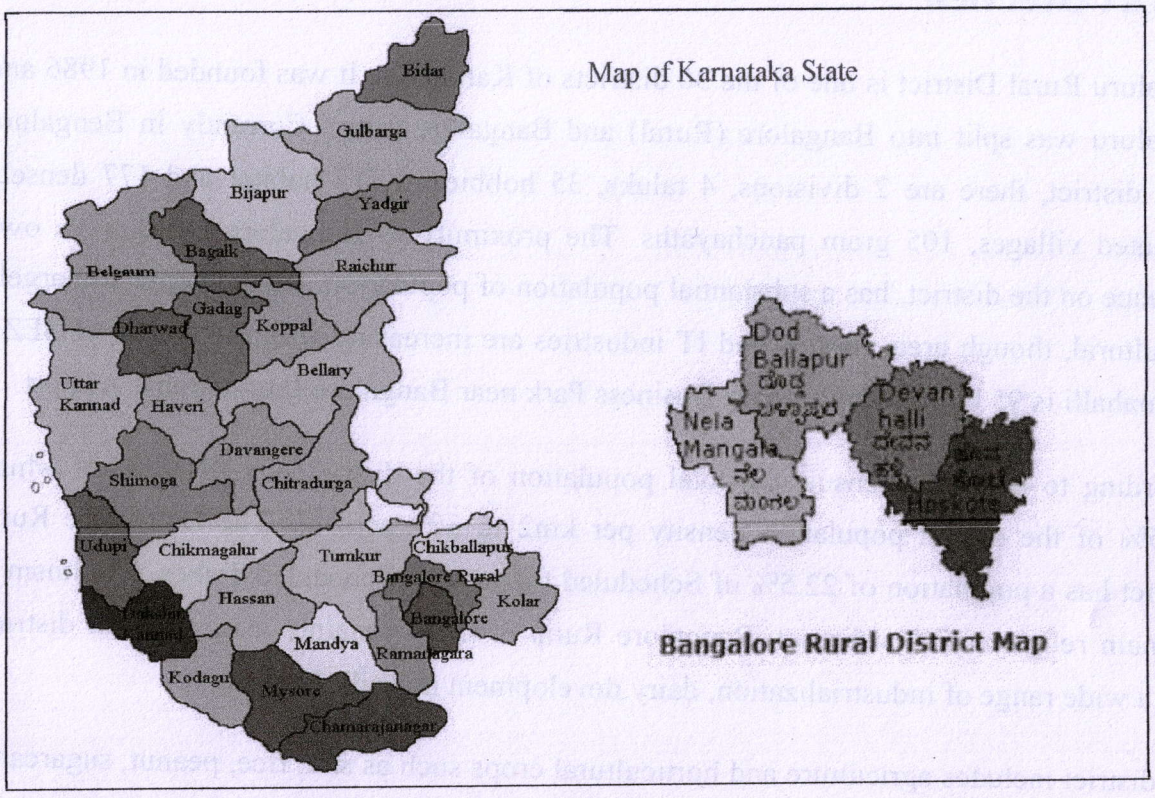
District Overview

Bengaluru Rural District is one of the 30 districts of Karnataka. It was founded in 1986 and Bengaluru was split into Bangalore (Rural) and Bangalore (city). Currently in Bengaluru Rural district, there are 2 divisions, 4 taluks, 35 hobbies, 1,713 habitat and 177 densely populated villages, 105 gram panchayaths. The proximity to Bangalore city has its own influence on the district, has a substantial population of population. Rural people are largely agricultural, though area, service and IT industries are increasing with the arrival of SEZs. Devanahalli is 95 billion Devanahalli Business Park near Bangalore International Airport.

According to the 2001 census, the total population of the district is 1,881,514, of which 21.65% of the city is population density per km2 to 309 persons. The Bangalore Rural District has a population of 22.5% of Scheduled Castes and Scheduled Tribes. Hinduism is the main religion of this district. Bangalore Rural district is mainly a agricultural district, with a wide range of industrialization, dairy development and silk farming.

The district includes agriculture and horticultural crops such as silk, rice, peanut, sugarcane, castor, grapes, mulberry etc. There are plenty of infrastructure like transport and communications, banking, debt and marketing. Although the region is not rich in mineral resources, its metallic mineral resources are used for bricks, edges, and stoneware. For many years, weaving is also a major occupation for a large part of the population. Soil and climatic conditions include mulberry cultivation, silkworms, and silk production, and other agricultural-based industries. The Karnataka government has proposed to rename Bangalore's rural district to Kempe Gowda. In September 2007, talukas of Kanakapura, Ramanagar, Magadi and Channapatna merged to Ramanagar district.

Map of Karnataka state and Bangalore Rural district



Source: Bangalore Rural District at Glance, 2013-14

Majority of the population at about 72.88 per cent lives in rural areas. The district is endowed with agricultural and horticultural crops such as raagi, rice, groundnut, sugarcane, castor, grapes, mulberry, etc. There are adequate infrastructural facilities such as transportation, communication, banking, credit, and marketing. Since many years, weaving has also been a major occupation for a large section of the population. The soil and climatic conditions are congenial for the cultivation of mulberry, rearing of silkworms, and production of silk, besides other agro-based industries. There are a number of wineries and quantity of production of wine has been increasing.

3. Demographic Profile

Bangalore Rural district is located between north latitude 12 degrees 51 minutes and 13 degrees 30 minutes and east longitude 77 degrees 10 minutes and 77 degrees 58 minutes east longitudes. As per Census 2011, Bangalore Rural district has a population of 9.91 lakh persons – 1.62%per cent of the State population.

Demographic details of Bangalore Rural District

Temperature	34° C {Max} 15° C {Min}	**District Headquarter**	Bangalore
Relative Humidity (%)	45 (Max) 79 (Min	**Population**	990,925 (As per Census)
Annual Normal Rainfall	751 mm	**Population Density**	431 per sq.km
Literacy Rate	77.93%	**Sex Ratio**	946 Females per 1000 males
Area	2,298 sq.km		

Source: Karnataka at Glance, 2013-14

The district's literacy rate is 77.93 per cent, which is over eight per cent improvement from its literacy rate of 69.69 per cent in 2001. The 2011 literacy rate is higher than the State average of 75.6 per cent. Male literacy at 84.82 per cent is higher than female literacy rate at 70.63 per cent. Most of the population (72.88 per cent) lives in rural areas.

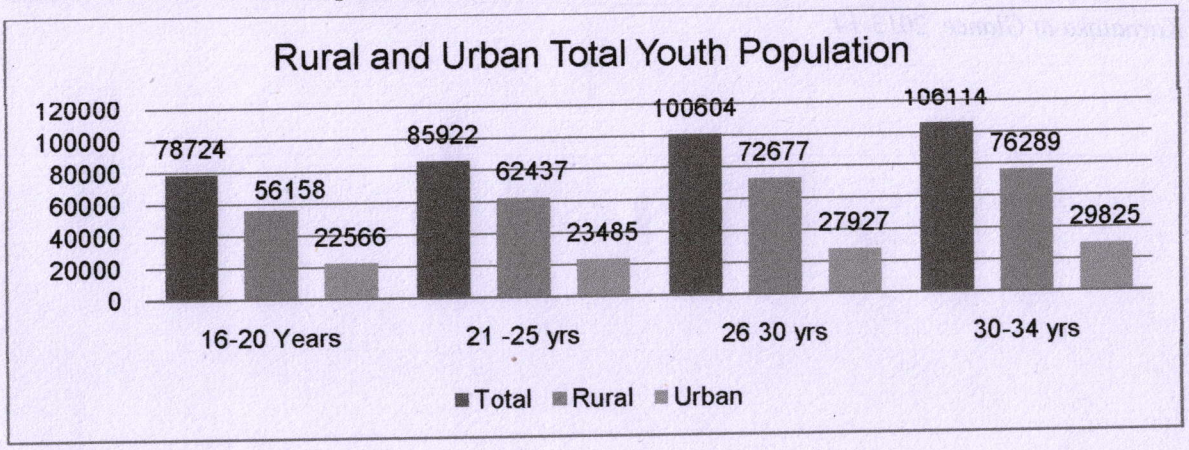
Potential youth population in the district is 3.71 lakhs which is about 37.5% of the total population, out of which 27% of the youth population resides in the rural area. This emphasizes that the rural youth have to be skilled related to the requirement of the rural population.

Distribution of Youth Population in Rural and Urban areas of Bangalore Rural District



Share of SC and ST rural and urban population in the district

	Total	Rural	Urban
SC share of Youth Population	23.12%	26.89%	13.40%
ST share of Youth Population	5.55%	6.43%	3.28%

There is significant population in the SC and ST whose skill training also plays an important role in the overall development of the communities.

4. Demand Side Profile.

Demand of Job role in Secondary Sector:

SL No	Sector	Trade	Total
1	Apparel, Made-Ups & Home Furnishing	Operator	1200
		Ironer	
		Tailors	
		Checker	
		Computer Operator	
		Helpers	
2	Services	Security Supervisors	1000
		Security Guards	
3	IPhone Manufacturing	Trainee	600
		Technicians	
		Engineer's (Min 2 Year experience)	
4	Automotive industry	ITI - Apprenticeship/Fitter/ Turner/ Machinist/Diploma	400
5	Electrical and Electronics	BE, Diploma and ITI	200

5. Gap Analysis – Key Findings

As part of our commitment to enhancing skill development within the district, a comprehensive gap analysis was conducted by the District Skill Committee. The findings have been systematically inserted into the SANKALP portal. The key insights are as follows:

Demand supply Gap in Manufacturing and Service Sector

S No	Sector	Trade	Gap
1	Apparel, Made-Ups & Home Furnishing	Sewing Machine Operator	500
2	Apparel, Made-Ups & Home Furnishing	In-line Checker	200
3	Apparel, Made-Ups & Home Furnishing	Ironer	200
4	Apparel, Made-Ups & Home Furnishing	Helpers	200
5	Strategic Manufacturing	Trainee	400
6	Services	Security Supervisors	500
7	Services	Security Guards	500
8	Strategic Manufacturing	Technicians	400
9	Electronics and Hardware	Trainee	200
10	Services	Semi Executives	100

6. Annual Work Plan

Initiative

The primary initiative is to assess and fulfil the demand for skilled personnel, Enrolment & Counselling of Trainees, Monitoring of Training Activities, Promoting Self Employment Activities, DSC Capacity Building Activities in the district. This includes identifying key sectors with a demand for skilled labour, developing targeted training programs, and collaborating with local industries to ensure a steady supply of well-trained professionals. This initiative aims to bridge the skill gap, enhance employability, and contribute to the overall economic development of the district.

Categories of work plan:

- Demand for Skilled Personnel in the District
  - Mapping Demand Requirements
  - Placement Drive
  - CXO Meets
  - GPDP Demand
  - Apprenticeship
- Monitoring of Training Activities in the District
- Promoting Self Employment Activities in the District
- DSC Capacity Building Activities in the District
- Enrolment & Counselling of Trainees in the District
- Skill Mix and network planning
- NEP 2020 Implementation

Demand for Skilled Personnel in the District:

Mapping Demand Requirements:

1. Conduct Industry surveys to identify industry needs.
2. Analyse Industry/Market trends and forecasts.
3. Identify skill gaps in District Level.
4. Develop a demand-driven training Programmes.

Placement Drive:

1. Organize job fairs and placement drives.
2. Invite industry partners for recruitment.
3. Provide career counselling and job matching services.
4. Track placement outcomes and provide feedback.

CXO Meets:

1. Conduct regular meetings with industry Associations/leaders/representative (CXOs).
2. Discuss skill requirements and industry requirements.
3. Collaboration between industry and training providers.
4. Identify opportunities for apprenticeships and on-job training.

GPDP Demand:

1. Identify demand for skilled personnel in rural areas.
2. Provide training and placement support for rural youth.
3. Facilitate partnerships with rural industries and organizations

Apprenticeship:

1. Promote apprenticeship programs with industry partners.
2. Identify demand for apprentices in various sectors.
3. Provide support for apprenticeship training and certification.
4. Facilitate partnerships between industry and training providers.

Key Activities

1. Analyse industry trends and forecasts to anticipate future skill requirements.
2. Engage with employers to understand their specific skill needs.
3. Collaborate with educational institutions to develop customized training programs.
4. Offer apprenticeships or on-the-job training opportunities.
5. Develop a framework for apprenticeship programs in in-demand fields.
6. Provide support to the skilled trainings.
7. Conduct surveys or focus groups to gather feedback on skill gaps.
8. Organize job fairs and recruitment events to connect employers with skilled candidates.
9. Track placement metrics to measure success and identify areas for improvement.

Monitoring of training activities in the district

Key Activities

1. Regular site visits: Observe training sessions, interact with participants and trainers.
2. Visit at least 2 training centres/month.
3. Observe training sessions, interact with participants and trainers.
4. Progress reports: Request periodic reports from trainers or training centres.
5. Feedback forms: Collect feedback from participants to assess training effectiveness.
6. Capacity building: Provide on-going support and resources for trainers.
7. Participant tracking: Monitor participants' progress, post-training applications.

Promoting Self Employment Activities in District

1. Training and Workshops: Organize training sessions and workshops on entrepreneurship, business management, and skill development programs.
2. Access to Funding: Facilitate access to funding opportunities, such as loans, grants and etc.
3. Market Linkages: Connect self-employed individuals with potential customers, suppliers, and partners through trade fairs, exhibitions, and online platforms.
4. Skill Development: Identify in-demand skills and provide training programs.
5. Women and Minority Empowerment: Implement initiatives specifically targeting women and minority groups, providing them with resources and support to overcome unique challenges.

DSC Capacity Building Activities

1. Orientation and Training Programs: Organize training sessions for DSC members and staff on their roles, responsibilities, and the skill development ecosystem.
2. Workshops and Seminars: Conduct workshops and seminars on topics like skill gap analysis, training needs assessment, and industry engagement.
3. Industry engagements: Conduct industry survey based on trainings and identifies gaps.
4. Monitoring and Evaluation Training: DSC members should effectively monitor and evaluate skill development initiatives.
5. Soft Skills Development: Offer training on soft skills like communication, leadership, and project management to enhance overall effectiveness.

Enrolment and Counselling of trainees

1. Registration: Successful candidates register for the program, providing necessary documents.
2. Eligibility check
3. Selection
4. Registration
5. Pre-enrolment counselling: its expectations, and requirements.
6. Post-enrolment counselling: Welcome registered trainees, discuss their goals, and create a personalized learning plan.

Skill Mix and Networking planning

1. Identify required skills: Determine the skills necessary for your team or organization to achieve its goals.
2. Assess current skills: Evaluate the current skills and expertise of your team members.
3. Skill gap analysis: Compare the required skills with the current skills to identify gaps.
4. Develop training plans: Create training programs to address skill gaps and up skill team members.

NEP 2020 Implementation

1. Focus on futuristic skills: Emphasize skills like AI, robotics, data science, and critical thinking to prepare learners for the future job market.
2. Interdisciplinary learning: Incorporate multiple disciplines into your skill development plan to promote holistic learning and problem-solving.
3. Skill development for all: Ensure that your plan caters to diverse learners, including those with disabilities, and provides equal opportunities for all.
4. Industry partnerships: Collaborate with industries to provide hands-on training, apprenticeships, and job readiness programs.

6. Resource & Budget

Sl No	Activity	Addition resources required (YES/NO)	Type of resources required(individual consultant or agency)	Number of resources required	Annual Tentative Budget Required (in INR)
1	Conducting Surveys, Developing and Implementing Training programs, Organizing events, monitoring, evaluation and promotional activities.	Yes	Consultant	1	15,00,000=00
2	Creation of DSDP 2024-25	Yes			
3	Feedback Mechanism.	Yes			
4	Monitoring of TCs.	Yes			
5	Awareness on the various schemes.	Yes			
6	Training Program Development & Implementation.	Yes	Conducting workshops, meetings, programs etc, Branding and Logistics cost, Special projects		10,00,000=00
7	Trainer Development Initiative.	Yes	Sector Skill Council.		Per Trainer Cost Prescribed by SSC
8	Job Fairs, Placement Drives, Awareness & Outreach Activities.	Yes	DSC will Plan accordingly with the coordination with consultant.		10,00,000=00
9	Market Relevant Action Plan	Yes	DSC will Plan accordingly with the coordination with consultant.		
		Total			**35,00,000=00**
