## EXECUTIVE SUMMARY

Dharwad District Skill Development Plan is divided into four sections, which are further subdivided into sub-themes. **The first category is called the as-is Scenario**, which includes basic features such as topography, climate, population, and skilling infrastructure. In a nutshell, this section illustrates the District's current situation and depicts the supply side for skilling in the current period. **The second category is called Aggregate Demand**, which includes demands from all three sectors of the District economy. Demand has been drawn from all sectors, including the current employment situation and the expected increase over the next two years. It mainly focuses on industry, agriculture, and allied agriculture both within and outside the District. **The third section is significant in terms of planning and analyses the gap**. SWOT (Strengths, Weaknesses, Opportunities, and Threats) analysis has been used to describe the current potential and employment ecosystem and the empty spaces to focus on. Primary data such as Feedback and inputs from students, parents, employers, and training partners are discussed to gain ground. **The fourth part is the Action plan**, which is the centre of the planning and outcome of the whole exercise done before that. This section illustrates the objectives that the District wants to set and how it will be implemented, monitored, and reviewed. It covers vital businesses and its focused Processing that can provide sustainable livelihoods to the target population.

## METHODOLOGY

Preparation of District skill development plan(DSDP) involved consultation of all the stakeholders like Government departments, Skill training providers, civil society org., Industrial associations and Agricultural University, Dharwad. According to MSDE guidelines, a general structure for DSDP was prepared. Data collection and preparation of the Demand and Supply-side profile was the first step in DSDP. Zilla panchayat and DRDA section were consulted for primary sector related data. Departments like Agriculture, Animal husbandry, Fisheries, Horticulture, Forestry, Mines and Minerals, District Industrial Centre (DIC),KVIC, DDPU, DDPI, Employment exchange, technical Education, Social welfare, Labour dept, ITI's, Private training providers, Agriculture University were consulted for Data and skill requirements in their domains. A Meeting with all the Industrial associations was held in DIC to understand the demand side profile. Information collected with primary data as well as secondary data.

## SECTION –I

## AS IS ANALYSIS

### 1) DISTRICT PROFILE

Dharwad district lays approximately about 800 mtrs above the sea level; therefore it enjoys a moderate and healthy climate. The district may be divided into 3 natural regions, viz., the Malnad, Semi-Malnad and Maidan. These regions, on an average, receive moderate to heavy rainfall and have dense vegetation. Kalghatagi and Alnavar area in Dharwad taluka in particular receive more rainfall than other talukas of the district. Dharwad district consists of 7 taluks namely Dharwad, Hubli, Kalghatagi, Kundagol, Navalgund, Annigeri and Alnavar

The district is bound by Belgaum in the north, Haveri in the south, Gadag in the east and in the southwest by Uttara Kannada district. It enjoys a good communication network. Existence of a broad-gauge railway line ensures easy transportation of raw materials and finished goods. District also has a Airport at Hubli. It has a total land area of 4,263sq. kmrs and a total population of 18.47 lakh.

## 4.1. Auto and auto components:

The auto and auto component manufacturing industry in Dharwad district is given fillip by the presence of Tata Motors and Tata Marco polo. The former has established its production on 900 acres of land in Dharwad. This industry is poised for more growth with the Tata group looking for more growth. Over Rs. 1,000 crore has been invested by the group in the district and it is already offering employment to over 8,000 people.

In addition to the core business, the support activities are also expected to generate employment in the district. The total number of Prospective employment that can be generated looks to be of the order of 15,000 people. The best way to exploit this will be for most of the locals to find a place in the manufacturing giant. The reason why valve making is flourishing in Dharwad is again due to its central location – between the Mumbai and Bangalore corridor. There are several established valve making units in Dharwad like the Weir Valves, Micro fin Valves, etc. This is estimated to be Rs. 500 cr segments in Dharwad and is poised to grow to Rs. 750 cr in the near future.

**Skill gaps in auto and auto component in Dharwad district.**

| Role, educational qualification | Expected competency | Skill gaps |
|---|---|---|
| Engineers (electrical, mechanical, auto) | • Knowledge of machinery and tools<br>• Ability to trouble shoot<br>• Shop floor management<br>• Compliance to quality measures like six sigma<br>• Soft skills | • Not able to adapt to the latest technology quickly<br>• Lack the soft skills – in terms of report writing, documentation of faults, etc<br>• The districts education system is not able to produce engineers with right qualities |
| Supervisors (Diploma in electrical, auto, mechanical, ITI qualified) | • Ability to supervise activities conducted in the department for which responsibility is entrusted<br>• Ability to train the new comers<br>• Overseeing the safety of all workers<br>• Complete understanding of all safety regulations and ability to handle safety issues<br>• Give the specifications to the operators and welders/fitters | • Not able to adapt to the latest technology used in shop floor<br>• Not enough mechanical diploma holders available with required qualities<br>• Knowledge on Quality standards |
| Fitters (experience based), Welders, machinists, lathe operators | • Basic ability to handle the machines<br>• Understand the basic safety aspects<br>• Do the given module of the assembly line to them to the specifications | • Not able to adopt to the latest technology used in shop floor<br>• Less number of fitters output with required additional updates , which forces the managers to recruit from outside.<br>• Knowledge on Quality standards |
| Helpers/machinery attendants(high school pass) | • Ability to help operators with their day to day functions<br>• Help in cleaning the machines<br>• Help in loading and un loading | • Lack the discipline to come and put in the required hours of work<br>• Safety and Hazardous measures training required<br>• Knowledge on Quality standards |

## 5) SHORT TERM SKILL TRAINING PROFILE

### I. Short Term Skilling Programmes

The district has 32 Training Centers which covers Chief Minister's Kaushalya Karnataka Yojane (CMKKY) and Pradhan Mantri Kaushal Yojana (PMKVY), which covers 31 Job roles has 10 sectors.

- **CMKKY :**

Chief Minister's Kaushalya Karnataka Yojane (CMKKY) is the state manages scheme to ensure skill training in the district in a decentralised manner. Currently, in the district, there are 32 training partners and 3582 candidates have been trained in the district for the financial year 2022-23

- **PMKVY:**

Pradhan Mantri Kaushal Yojana (PMKVY) is a centrally sponsored state managed scheme to ensure skill training in the district. Under PMKVY 3.0 Centrally Sponsored State Managed (CSSM) there was a customized course – "COVID crash course" introduced with the following trades-

- General Duty Assistant (Basic care support)
- Home Care Support (Home Health Aid)
- Advance Care Support(General Duty Assistant)
- COVID Frontline worker (Emergency Care Support)
- COVID Frontline worker (Medical Equipment support)

For the financial year 2021-22, training for all job roles have been provided to 640 candidates.

- **Other Skill development / Training centers**
  - **RSETI:**

    Rural Self Employment Training Institute is run by Canara bank the lead bank for the district at Dharwad. The RSETI provides training in 61 skills majorly revolving around tailoring, computer peripherals repair, designing, street food making etc. The institute also helps the candidate to get financial linkage. 815 candidates have been trained and 697 have been placed in the district for the financial year 2023-24.

- **KVK:**

  Krishi Vignan Kendra provides training in agriculture and allied fields for the farmers in the district. KVK currently is associated with 18 Farmer producing organizations in the district helping them up skill.

## A) SOCIAL CATEGORY ANALYSIS 2023-24

**TABLE-14**

## 7) STRENGTH WIKENESS OPPORTUNITIES ANDTHRETS ANALYSIS

### DISTRICT SWOT ANALYSIS

| **Strengths** | **Weakness** |
|---|---|
| The District has been growing agricultural products of Wheat, Paddy, Major and Minor millets, Cereals, Pulses. Commercial crops are Groundnut, cotton and sunflower. Horticulture crops are Mango, Sapota, banana, Guava, Coconut, Cashew, Potato, Chilly and Onion.<br>It had been a home of textile units since ages. Hubli is the hub of valve manufacturing and Dharwad is dominated by Automobile Industry.<br>The district has wholesale and retail trade, hotels and restaurants, transport, storage and communication, banking and insurance, real estate, public administration, and other services<br>It has good transport by Road, Rail and Air. It has good accessibility. | Major population is dependent on agriculture resulting in disguised unemployment and not in ready to accept modern type of agriculture. Around 40% is workable population but not able to make them to work due to lack of skilled man power in the district. People migrating to nearby big and capital cities for higher parks.<br>Infrastructure is not up to the mark.<br>Lack of Motivation and Entrepreneurial mind set among youth.<br>Informal service sector which holds large part ofdistrict economy. |
| **Opportunity** | **Threats** |
| The District has location advantage. It has good and short connectivity between cities like, Bangalore, Goa, Pune, Mumbai and Hyderabad. Accessibility for Valve, Automobile and Textile Industry. Since it is educational Hub, Major Universities and IIT and IIIT. It has good opportunity for hospitality, retail sector.<br>Good nos. of idle water bodies in the District, which can be used for scientific Pisciculture. There is a perennial demand forfish in the State. | Shortage of skilled man power. Navalgunda, Alnawar and Kalagatigi are identified as the most severely flood-affected Talukas of district.<br>Lack of discipline to put in work hours.<br>Atrition rate is very high in factories, which makes the employers worry of hiring the local pool. |

## DHARWAD DISTRICT SKILL TRAINING SWOT ANALYSIS

| **Strengths** | **Weakness** |
|---|---|
| Trained people in different sectors because of the geographic advantage of being near the state capital.<br><br>Good Infra support for skilling.<br><br>Various government schemes and departments are working in full swing toequip unskilled with the necessary skills.<br><br>Various government schemes promoting trained youth to take up self-employment. | Reluctance to go outside District for the job.<br><br>The expectation of government jobs by educated youths.<br><br>Reluctance on self-employment<br><br>Training institutes don't have sufficient industry linkage.<br><br>Placement is not good enough, and candidates aren't offered fair remuneration. |
| **Opportunity** | **Threats** |
| Literate workers are interested in quality training and ready to go anywhere, includingabroad.<br><br>Educated youths realize that Employmentunder the public sector is<br>being diminished and they have to swerve towards the private sector/ self | After Training, if placement cannot be arranged within a short spell, a trained candidate may become demotivated. |

# SECTION-II
# AGGREGATE DEMAND

Dharwad district has 54 Large and Medium scale industries with an aggregate investment of 1199crore, And 653 MSMEs with an aggregate investment of 588 crores. As the economy grows, employment demand in supporting sectors such as construction, transportation, healthcare and education is also expected to increase at a faster rate. There is also maximum demand for semi-skilled people, especially in welding, fitting and masonry. However, sectors which are unique to Dharwad and where skill up-gradation will be required within it are Agri processing, Construction sector, hospitality, education and skill development and Auto and auto component.

**INCREMENTAL DEMAND**

**TABLE-29**

| Sl no | SECTOR | Incremental Demand 2012-2022 | | | | |
|---|---|---|---|---|---|---|
| | | Total | Minimally Skilled | Semi-Skilled | Skilled | Highly skilled |
| 1 | Agriculture and allied | 43246 | 36018 | 5384 | 980 | 865 |
| 2 | Auto and Auto component | 10748 | 1075 | 6989 | 2150 | 537 |
| 3 | BFSI | 10758 | - | 6455 | 3227 | 1076 |
| 4 | Building, Construction industry and Real Estate | 53002 | 15901 | 26501 | 7950 | 2650 |
| 5 | Construction Materials and Building Hardware | 3292 | 329 | 2140 | 658 | 165 |
| 6 | Education& Skill development | 12660 | - | - | 11394 | 1266 |
| 7 | Food Processing | 162 | 49 | 49 | 49 | 16 |
| 8 | Furniture and Furnishings | 608 | 243 | 243 | 91 | 30 |
| 9 | Healthcare Services | 21337 | - | 2134 | 14936 | 4267 |
| 10 | Transportation, Logistics, Warehousing and Packaging | 31722 | 6344 | 18399 | 6344 | 634 |
| 11 | Tourism, Travel, Hospitality & Trade | 5231 | 1046 | 3557 | 523 | 105 |
| 12 | Unorganized | 197 | 39 | 114 | 39 | 4 |
| | **Total** | **193090** | **61064** | **72011** | **48383** | **11632** |

Source – NSDC skill gap survey

The incremental supply of workforce between 2012 and 2022 is estimated at 3.55 lakh. This is higher than the demand. This higher supply results in skilled workforce migrating from the district. Given the proximity to Mumbai many go there. But some also traverse to Bangalore. These people are employed across various sectors like manufacturing, engineering, and IT.

## 1) EMPLOYMENT

### TABLE-30

### A) ONE DISTRICT ONE PRODUCT (Traditional Crafts and Handicrafts)

| Job Role | 2023-24 DEMAND | 2024-25 DEMAND | NEXT YEARS 3 DEMAND | TOTAL DEMAND | % age to the Total |
|---|---|---|---|---|---|
| Weaving | 25 | 40 | 70 | 111 | 14.3 |
| Tailoring | 20 | 30 | 65 | 93 | 12 |
| Kasuti Work & Hand Embroidery | 75 | 100 | 150 | 275 | 35.5 |
| Hand Painting & Village Craft | 25 | 45 | 85 | 120 | 15.5 |

| Automobile Sector | 50 |
| Agri Implement Sector | 50 |
| Construction Machinery Sector | 50 |
| Develop and Operate Consumer Electronics and Durables Goods Cluster (CEDG) | 100 |
| Total | 1650 |

Source:DIC Dharwad

Above table shows there is demand for self- employment in various sectors of through upcoming projects in the district with generation of 1650 self- employment for the next 5 year projects.

## F) APPRENTICESHIP OPPORTUNITY IN THE DISTRICT

**National Apprenticeship promotion Scheme (NAPS):** students who want to gain theoretical and practical knowledge inside the industry, apprenticeship opportunity to the students is need of the hour. The Tata Marcopolo, the Tata Hitechi, theTata Motors, the ADM Agro industries, The RSB Transmission technologies, and Patil Electrical works are engaged in apprenticeship training along with their production. And many companies are likely to engage in coming years.

| SL NO | SECTORS | REMARKS |
|---|---|---|
| 1 | Engineering & Automobile | Scope for training youth in Auto, valve, and other engineering trades, because of presence of Large number of Engineering industries. |
| 2 | Manufacturing | According to above-listed Investments, Electric Vehicles, and related ancillaries like E- batteries, services had scope. Renewable energy related manufacturing is also picking up in Dharwad. Skill training in these sectors can benefit Local Youth & Industries |
| 2 | Construction and Real Estate | Hubbali is a Growing Commercial hub and Smart city. There is huge demand for skilled construction workers- bar bending, Estimator, Masonry, Carpentry, Quality Engineers etc. |
| 3 | Agriculture, Organic farming and Food processing | Dharwad has largest area under cultivation for Dry chilli, but Value addition and processing are not done. Oleoresin production hasscope because of easy availability of raw materials, labour. Skills can a significant role in post- harvest value chain. |
| 4 | Textiles | Traditional handlooms, kasuti embroidery, Navalgund durries have lost their market. Up skilling and Rebranding can help in reviving these traditional skills. |
| 5 | Fisheries | Availability of tanks and reservoirs make the region quite sustainable for inland fishing, especially ornamental fish segment |
| 6 | Animal Husbandry | There is unexplored market for Eggs, Milk products within the District. Homescience department in UAGS, Dharwad has developed commercially scalable dairy products. |
| 7 | Education Sector | Dharwad is renowned as Shikshana Kashi. But the Education provided today is not in sync with market demand. The education sector can be upgraded with new courses and skills. Dharwad has conducive ecosystem to become Skill Capital of North Karnataka. |

# SECTION –III

# GAP ANALYSIS

## 1) Key Gaps in Primary, Secondary and Tertiary sectors, Trade wise

Based on interaction with various stakeholders in the district including the training partners,youth etc below is the list of trades demand and supply wise across the sector-

**DEMAND AND SUPPLY ANALYSIS**

| | | | | |
|---|---|---|---|---|
| High Demand | Low Supply | Retail | Retail Sales Associate | **Upscale** |
| | | Automotive | Sales Consultant | |
| | | Beauty and Wellness | Assistant Beauty Therapist | |
| | | Capital Goods | CNC operator | |
| High Demand | High Supply | Apparels | Sewing Machine Operator | **Maintain** |
| | | Apparels | Self Employed Tailor | |
| | | IT_ITES | Domestic Data Entry Operator | |
| | | Beauty and Wellness | Beautician | |
| Low Demand | Low Supply | Electronics and Hardware | Field Technician- Networking and Storage | **Avoid** |
| | | Construction | Supervisor | |
| | | Green Jobs | Solar PV installer- Electrical | |
| | | Construction | Helper Fabrication | |
| | | BFSI | Accounts Executive | |
| Low Demand | High Supply | IT_ITES | Junior /Senior Software Developer | **Optimize** |
| | | IT_ITES | Web Developer | |
| | | Electronics and Hardware | Field Technician | |
| | | IT_ITES | CRM Domestic Non Voice | |
| | | Healthcare | General Duty Assistant | |

**Table -37**

**Placement percentage across top 5 sectors (2022-23)**

| Sector | Trained | Placed/ Self employed | Placement Percentage |
|---|---|---|---|
| Banking and Financial Services, Insurance | 180 | 7 | 3.89 |
| Capital Goods | 244 | 162 | 66.39 |
| Electronics and It hardware | 545 | 25 | 4.59 |
| It & Ites related | 1833 | 36 | 1.96 |
| Apparel made up & home furnishing | 101 | 58 | 57.43 |

The reason for the low conversion rate in IT-ITeS and Retails placements are as follows:

- The willingness of candidates not participating for employment moving towards higher education and shifting to major cities for Jobs.
- Limited opportunities for the identified roles in the district.
- Inadequate counseling support during the time of placement.

The above issues can be addressed via the implementation of the following:

- Ensuring the involvement of parents in the counseling activities makes candidates more responsible and accountable for their decisions ensuring a lower dropout rate or willingness to migrate for Jobs.
- Providing more lucrative financial-based incentives to the training partners and training centres based on successful placement/self-employment-related metrics. This would ensure financial stability which is currently the major concern among the training providers.
- Ensuring linkages between markets, industries, Third party agencies with the training partners.

**TABLE-38**
**SKILL TRAINERS IN THE DISTRICT:**

| Sector | Role | Number of Trainers currently with Training Partners | Number of Certified trainers | Number awaiting certification |
|---|---|---|---|---|
| IT-ITes | Domestic It Helpdesk Attendant | 6 | 4 | 2 |
| | JDS | 4 | 4 | 0 |
| | CRM Non -Voice | 3 | 3 | |
| | Domestic Data Entry Operator | 6 | 6 | 2 |
| Electronics & Hardware | Field Technician and Computer Peripherals | 3 | 2 | 1 |
| | Home Appliances | 1 | 1 | 0 |
| | | | | |
| Apparel Made Up | Self Employed Trainer | 3 | 1 | 1 |
| | Assistant Fashion Designer | 1 | 1 | |
| | SMO/SET | 8 | 8 | 8 |
| Automotive | Chauffer-Taxi Driver | 4 | 2 | 2 |
| | Automotive Sales Lead | 4 | 2 | 2 |
| | Showroom Host | 4 | 2 | 2 |
| Capital Goods | Draughtsman Mechanical | 2 | 0 | 2 |
| THSC | FOE | 2 | 0 | 1 |
| BFSI | Accounts Executive Pay Role | 2 | 0 | 1 |
| | **Total** | **53** | **36** | **18** |

Source:Kaushalkar Portal

Above table shows 53 trainers available with TPs. Out of them 36 are certified and 18 are waiting for certification.

**TABLE-39**
**POTENTIAL SKILL TRAINER / SKILL ASSESOR IN DISTRICT**

| Sector | Role | Number of potential Skill Trainer | Number of potential Skill Assessor |
|---|---|---|---|
| ITites | DDEO | 5 | 5 |
| | domestic it helpdesk attendant | 5 | 0 |
| | Junior software Developer | 5 | 0 |
| Capital Goods | Draughtsman Mechanical | 2 | 1 |
| Apparel | SMO/SET | 15 | 9 |
| Automotive | Chauffer-Taxi Driver | 4 | 1 |
| | Automotive Sales Lead | 4 | 1 |
| | Showroom Host | 4 | 1 |
| | Total | 44 | 18 |

The table depicts that there is still 44 potential for trainers and 18 Assessors.

## SECTION-IV
## ACTION PLAN

### 1. Existing schemes/Initiatives

For the financial year, 2022-23 the state skill mission and the central ministry have taken adequate measures to ensure the propagation of skilling in the district. The listing below is the key initiatives/programmes that were part of skilling activities during the year.

### 2. Industry Linkage Cell

The Industry Linkage Cell (ILC) is an initiative under the state skill development mission to ensure demand-based skill training is achieved throughout the state. This is done via the collaboration between the industry partners and the state skill development mission. It aims to improve the overall quality and relevance of the skill ecosystem in the state. This is a step forward in the direction of institutional strengthening to provide quality training and better job opportunities to the candidates seeking relevant employment. This will ensure that the gap between the industry expectation and skilling provided to the candidates is reduced. With this system, the candidates trained by the industries, who would be responsible for the overall skilling of the candidates, could absorb the candidate into their system. This addresses two major challenges:

- Employment for the candidates from ITIs and technical courses.
- Having manpower in the industry.

### 3. ITI's Up gradation by TATA Technologies LTD

The lack of employment opportunities for a majority of young employable Indians and also the lack of skilled resources available to industries in India has become a growing concern today. Both these challenges stem from the same cause, which is the lack of high-end good quality training facilities. It is now pertinent that the government of Karnataka takes a leading role in revamping and upgrading existing training facilities and also in establishing new modern centers. In response to this need, Tata Technologies Ltd has designed a unique industry-led initiative. Up gradation of all government-owned Industrial Training Institutes (ITIs) in Karnataka. The detailed Project Proposal for the Upgradation of government-owned Industrial Training Institutes (ITIs) in Karnataka is also made and presented to the government.

### 4.CONVERGENCE OF SKILL SCHEMES

The State Skill Development Mission is actively in the quest to improve the overall skill ecosystem in the state. One such activity performed by the state skill development mission is the convergence of various stakeholders/mission under the Skill Mission umbrella at the district level. As part of the convergence NULM, NRLM, GTTC, ITI, CEDOK, YES SEVA KENDRA are all coordinating with the District Skill Development Officer after convergence.

This ensures that the skill development mission is responsible for the following activities:

- Mobilization and counseling
- Synergy and coordination across departments
- Creation of action plan
- Monitoring and Reporting

This ensures a level of autonomy is achieved at the district level. The way forward topics such as collective mobilization, addressing staff unavailability, potential sectors, consolidated action plan and implementation are being worked out accordingly.

**5.ONE DISTRICT ONE SKILL (ODOS)**

The state skill development mission in order to revive traditional art and craft skills in the district conceptualized the idea of One District One Skill (ODOS). Since the District has Cotton based Industries, Kasuti works and Hand Embroidery has been identified as the ODOS. For the District. ODOS would ensure the people in the district employed in the value addition in Kasuti works and Hand Embroidery -Based products could be benefited either by the ways of financial linkages, upgradation of their existing technologies or by upskilling them tomake other products. Thus ODOS is key to reviving the traditional art/ skill and opportunity for financial stability through skill and market linkage facilities.

**6.INTERNATIONAL MIGRATION CENTRE-KARNATAKA(IMC-K)**

As initiation taken by the Department of Skill Development, Entrepreneurship and Livelihood (SDEL), GoK, implemented the IMC-Karnataka in collaboration with the Public Affairs Centre (PAC). Dharwad district has Regional Immigration Centre with fully equipped office.

**Objectives of the IMC-K Framework:**

(a) Overseas Employment Pathways, and

(b) Position the State as the preferred State of origin for skilled, trained and certified workers for a global market

- Overseas Employment Opportunities opened and same be implemented. Cavancy available in overseas countries

**TABLE-40**

| Sl.no | Country | Total Posts | Register for Last date |
|---|---|---|---|
| 1. | Kuwait | House made | 109 |
| 2. | Hungary | Truck Driver | 37 |
| | Total | - | **146** |

## 8. DISTRICT INDUSTRIAL CENTRE DHARWAD

District Industries Centre (DIC) has been established under the Department of Industries and Commerce GOK with the objective of promoting MSMEs. District Industries Centre provides all the necessary services and support to facilitate entrepreneurs in setting up MSMEs (Micro, Small and Medium enterprises) in the District. GOK under dept of Industries and Commerce had conducted INVESTORS MEET in the District, many projects had been cleared as follows.

**TABLE-41**

**Investment Projects Cleared by the Govt., of Karnataka**

| Sl. No | Company Name & Address | Location/ District | Activity | Expected investment (in Rs Lakhs) | Employment |
|---|---|---|---|---|---|
| 1 | M/S. Kamal Metatech Pvt Ltd | Plot No 341 to 350 KIADB Industrial Area Dharwad | Metal Spiral Pi[es Mfg | 1442.00 | 109 |

| | **Total** | | | **4983.55** | **503** |

Source: DIC Dharwad

Total 11 upcoming projects for Dharwad district had been cleared with an investment of Rs.4983.55 crore with 503 employments be created in the district.

## TOP 5 INITIATIVES FOR DISTRICT SKILLING:

| Sl.No | Initiatives | Goals | Key Actions |
|---|---|---|---|
| 1. | Placement Assurance | To ensure better job Opportunities s for candidates and Fair Remunerationn | Placement assurance through industry is mandatory. 3-month industry training for candidates. Placement assurance in the industry within one year of training. Focused training courses Aligned with Industry demand. |
| 2. | Student Counseling and industry collaborationn | Advice and guide youthon career goals | At the district level, leveraging the pool of professionals from industries, NGOs, government, and private institutions, who are willing to advise and guide youth on career goals.<br>Training centers need to Counsel Students properly along with expertise counselors for the students betterment |
| 3. | Up gradationof course curriculum and NSQF alignment | Have Updated andrelevant curriculum | The course curriculum of popular trades such as Fitter, Welder, Carpenter, Diesel Mechanic, Wireman, and Computer Operator needs to be re-align with the skill need of industry sectors. The state-specific courses will be aligned with NSQF in phases. Additional modules for industrial safety, technical drawing, employability, and tools handling will be added in popular courses. |
| 4. | Training of trainer and its certification | To have quality trainers whoare capable of Training in line with industry requirementto ensure quality training | A residential seven-day induction training should be mandatory for new recruiters.<br>One month of industry training/project each year shall be mandatory for each trainer. |
| 5. | Improving Women Participation | to improve female participationin Training | Counseling of parents, along with the female traineesduring admission. |

## Conclusion:

The Dharwad District Skill Development Plan intends to give need and quality based skill training for job aspirants in the District by empowering them through skill building, inspiration, and achieving an essential change in the District.
