Background

About DSDP

Ministry of Skill Development & Entrepreneurship (MSDE) developed District Skill Development Plan (DSDP) tool kit to develop DSDP at district level. Karnataka Skill Development Corporation (KSDC) is focusing on Improved Quality and Market Relevance of Skill Development Programmes across the districts of the state. KSDC, Project Management Team (PMT) is working on the District Skill Development Plan. PMT collected data for District Skill Development Plan.

On the 'SANKALP' Portal, captured the details on District Overview, As Is Schemes, As-Is Trainer Data, As-Is ITI Trade Data, As-Is TC Information, As-Is Agri and Trainee Analysis. It helped in developing District Skill Matrix. District skill matrix is the tool to measure the skill training capacity and process maturity of the district w.r.t Technical and Vocational Training (TVET). The district skill matrix has been designed to be in sync with the State Improvement Grant (SIG) Matrix and is structured around the three components listed below.

Component 1 – Institutional Strengthening

Component 2 – Enhancing Market Relevance and Quality Component 3 – Inclusion and Access

District Skill Committees (DSCs)

Since the District Skill Committees (DSCs) are mandated to do planning and skill training they need assistance and guidance in the form of a standard framework. For example, most of the districts across the country have DSCs, but are called with different names such as District Skill Development Committee, District Skill Development Authority etc. The members of these committees are District administration officials from the various departments like Agriculture, Industrial Training & Employment, District Lead bank, District Industries Centre, Fisheries, Horticulture, Rural Development &Panchayat Raj, Textiles etc. Members from industry and civil society organizations can also be co-opted under DSC.

District Skill committee is formed in Hassan district and the committee is engaging in (i) Planning, (ii) Mobilisation and Counselling, (iii)Industry engagement & Entrepreneurship, (iv) Monitoring & Evaluation and MIS and (v) other Support Functions. There are 16 members from different line departments are the members of the DSC and the committee chairperson is Deputy Commissioner of the district.

All the eight committees have been formed in Hassan district with all the requisite members appointed as per the requirement of DSC Skill Book Sub-committees are formed which can take up specific set of activities and projects. Some of the sub committees that the DSC is given below.

1. Industry Interface.

S. No	Designation & Department	Composition
1	Joint Director, Pre-University Collegiate Department	Chairman
3	Deputy Director, Pre-University Education Department	Member
4	Principal, Government Tool Room & Training Centre	Member
5	Principal, Government Polytechnic, Hassan	Member

2. Training Quality.

S. No	Designation & Department	Composition
1	Joint Director, Pre University Collegiate Department	Chairman
2	Principal, GFGWC, Hassan	Lead College
4	Principal, Government Tool Room & Training Centre	Member
5	Principal, Government Polytechnic,Hassan	Member

3. Mobilization and Counselling

S. No	Designation & Department	Composition
1	Project Director, District Urban Development Cell	Chairman
2	Deputy Secretary (Development), Zilla Panchayat	Co-Chairman

1	DSDO, District Skill Development Office	Chairman
3	Assistant Director, District Skill Development Office	Member
4	Assistant Statistical Officer, District Skill Development	Member
5	Nodal Officer Govt ITI College	Member

Objectives.

The objectives of adoption and usage of DSDP are as follows.

- To understand the Skill ecosystem of Hassan district.
- To create Institutional Mechanism for designing, implementation, M&E of skill development programmes and assign roles and responsibilities to streamline the process for achievement of desirable outcomes.
- To create convergence of skill development programmes to avoid the duplicity in the implementation at the district level and better utilisation of the financial resources.
- To understand the type, nature and coverage of the skill development activities implemented by the other departments apart from State Skill Development Mission (SSDM).
- To understand the capacity, competence and formal recognition of existing trainers in the district.
- To understand the current capacity of training partners across the variety of sectors and job roles and examine the status of adoption of NSQF framework.
- To understand the current role and capacity of primary sector in the economy of the district.
- To understand the coverage of marginalised communities in the demand sector and job roles, placement of the candidates, average remuneration, etc.
- To understand the progress of the skill development activities within the district against the three major components
- Institutional Strengthening at the District Levels for Planning, Delivering, and Monitoring of Skill Development Programmes.
- Improved Quality and Market Relevance of Skill Development Programs.
- Improved Access and Completion of Skill Training for Women and Other Disadvantaged Groups.
- To understand the demand and perspective of the industry in terms of expected recruitment, job roles, skill gap, quality of training, incentivization of skill workforce etc.
- To understand the gap between supply side and demand side for design and improvement of current policies and procedures.
- To create a holistic annual action plan with the defined outcomes based on the gaps identified during the study.

Objectives of Annual Work Plan

The objective of the annual work plan for skill development is to outline a structured and comprehensive approach to enhancing the skill levels of individuals in the district. This includes identifying and addressing the demand for skilled personnel, ensuring effective enrolment and counselling of trainees, and facilitating training and development initiatives. The specific objectives are as follows:

- To conduct thorough assessments to identify the current and future skill requirements of the local job market.
- To align training programs with the needs of industries and employers in the district.
- To develop strategies to increase awareness and enrolment in skill development programs.
- To ensure equal access to training opportunities for all segments of the population, including marginalized groups.
- To implement high-quality training programs those are aligned with national and international standards.
- To provide continuous professional development for trainers and educators to ensure they are equipped with the latest skills and knowledge.
- To Foster collaborations with local businesses, industries, and educational institutions to create training programs that meet industry standards and requirements.
- To facilitate apprenticeships, internships, and on-the-job training opportunities.
- To encourage and support entrepreneurship among trainees by providing relevant training, mentoring, and access to resources. And To develop programs that foster innovation and the creation of new businesses.
- To offer comprehensive career counselling services to help trainees make informed career choices.
- To develop robust job placement services to connect trained individuals with suitable employment opportunities. And to establish a system for monitoring and evaluating the effectiveness of skill development programs.
- To ensure efficient use of financial, human, and physical resources to maximize the impact of skill development initiatives.
- To develop a sustainable funding model to support ongoing and future skill development activities.

By achieving these objectives, the annual work plan aims to create a skilled workforce that meets the needs of the local economy, enhances employability, and supports the overall socio-economic development of the district.

District Profile.

District Overview

Hassan District is located in the south-western part of Karnataka state, located 194 kms away from the state capital Bengaluru. Spread across 8 Taluks-Alur, Arkalgud, Arasikere, Belur, Channarayapatna, Hassan, H.N. Pura and Sakaleshapura. Hassan district covers a total area of 6814 sq. kms. The District includes 8 taluks, 38 hoblies and 2369 villages. The geographical area of the district of Hassan is 6,814 sq. kms. The population is 17.76 lakhs and the average annual rainfall is about 1031mm.

Coffee, Black Pepper, Potato, Paddy and Sugarcane are the major agricultural crops.

Hassan town is the district headquarters and the district is divided into eight taluks viz. Alur, Arkalgud, Arasikere, Belur, Channarayapatna,Hassan, Holenarasipura and Sakaleshapura.

Map of Karnataka State

Map of Hassan District

Demographic Profile

Hassan district demographic profile lying between 12° 13´ and 13° 33´ North latitudes and 75° 33´ and 76º38´ East longitude, Hassan district has a total area of 6826.15 Sq. Kms. The greatest length of the district, from south to north, is about 129 kilometres, and its greatest breadth, from east to west, is about 116 kilometres. The District which has 8 taluks 38 hoblies & 2369 villages. The geographic area of the district of Hassan is 6814 square kilometres.

Demographic details of Hassan district

Temperature	**35°C (Max) to 17°C(Min)**	**District Headquarter**	**Hassan**
Relative Humidity (%)	**79 (Max) to 45 (Min)**	**Population**	**1776421(As per Census 2011**

Share of SC and ST youth Population

SC Share of Youth Population (%)	1,36,547 (20.74%)	1,16,511 (22.83%)	20,036 (13.53%)
ST Share of Youth Population (%)	12,481 (1.9%)	10,633 (2.08%)	1,848 (1.25%)

Gap Analysis – Key Findings

As part of our commitment to enhancing skill development within the district, a comprehensive gap analysis was conducted by the District Skill Committee. The findings have been systematically inserted into the SANKALP portal. The key insights are as follows:

1. **Skill Gaps – Primary Sector** The primary sector, including agriculture, forestry, fishing, and mining, faces significant skill gaps due to limited access to modern training, rapid technological advancements, and insufficient infrastructure. These gaps lead to reduced productivity, economic losses, and environmental harm. Addressing these gaps through targeted training programs, supportive policies, and technology integration is essential for sustainable growth and efficiency.

2. **Demand Supply Gap in Manufacturing & Service Sector.**

Manufacturing: The manufacturing sector is facing a gap in skilled labour, especially in precision engineering, machine operation, and quality control.

Healthcare: A critical need for trained healthcare professionals, including nurses, medical technicians, and healthcare support staff, has been identified.

Construction: There is a high demand for skilled workers in the construction industry, including electricians, plumbers, and masons.

SN	Sector	Trade	Incremental Capacity Needed
1	Automotive	CNC Operator / Machining Technician Level 3	500
2	Capital Goods	CNC Operator – Turning	500
3	Capital Goods	Tool & Die maker	300
4	Automotive	Painting & Surface Treatment Shift- In Charge	200
5	Capital Goods	Assistant Manual Metal Arc Welding/ Shielded Metal Arc Welding Welder	200
6	Healthcare	Medical Equipment Technician (Basic Clinical Equipment)	300
7	Healthcare	Front Line Health Worker	400
8	Construction	Assistant Electrician	300
9	Construction	Mason General	400
10	Construction	Plumber	300

3. **Geographical Coverage Gaps Limited** Digital connectivity in rural areas restricts access to online training resources and E-learning platforms. Language barriers can prevent effective learning, especially in regions where training materials are not available in the local language. Socioeconomic factors such as poverty and lack of awareness about available training programs further exacerbate the geographical skill gap. Moreover, migration trends often see skilled individuals moving to urban centers, leaving rural areas with a diminished skilled workforce.

S.No	Sector	Trade	S.No	Sector	Trade
1	Agriculture	Mango Grower	12	Capital Goods	Tool & Die Maker
2	Agriculture	Medicinal Plant Grower	13	Electronics & Hardware	Multi Tasking Technician- Electrical
3	Agriculture	Irrigation Service Technician	14	Gems & Jewellery	Diamond Processing-Bottom Polisher
4	Apparels	Fashion Designer	15	Gems & Jewellery	Diamond Processing-Assorter (Advanced)
5	Apparels	Sampling Tailor	16	Iron & Steel	Mechanic; hydraulic & pneumatic system
6	Beauty and Wellness	Professional Makeup Artist	17	Iron & Steel	Welder (GTAW)
7	Automative	Electric Vehicle Service Technician	18	Leather	Cutter – Footwear
8	Automotive	Welding Machine Technician	19	Leather	Sample Maker – Footwear
9	Banking and Finance	GST Account Assistant	20	Textile & Handlooms	Stitching Operator
10	Banking and Finance	Microfinance Executive	21	Textile & Handlooms	Power Loom Operator
11	Banking and Finance	Mutual Fund Agent	22	Textile & Handlooms	Hand Spinning Operator

4. Inclusion Gaps

Certain demographics, including women, people with disabilities, and marginalized communities, often face barriers to accessing skill development programs. These groups may encounter cultural and social biases that limit their participation. Additionally, training programs may be tailored to accommodate their specific needs, according to enrolment and completion rates.

	Sector	Trade
SC / ST Inclusion	Leather	Footwear
PWD Inclusion	Retail	Retail Associate cum Cashier
	Retail	Sales Associate
Women Inclusion	Tourism & Hospitality	Food Vender
	Textiles & Handlooms	Handloom Entrepreneur

Strategies and Priorities based on SWOT and other inputs.

- Long term Technical Training Institutions can be explored to be part of Short-Term Training Centres. Many of the private ITI's, Polytechnics, Degree colleges can be encouraged to take up Employment oriented short-term programs.

- More Training Centres to be opened based on the demand of requirements of the local and state level employment. As a start at least three training centres in each of the blocks have to be started in priority sectors like Banking, retail, logistics and Hospitality.

- Training of trainers in all the sectors and trades have to be organised and qualified Trainer for Skill Development Institutions should be mandatory.

- Counselling and Mobilisation has to be strengthened to include more of SC, ST, Women and minorities population of the district.

- Many of the native skills like handloom are on the verge of extinct and should be encourage by opening up more and more Native skills related training centre near the vicinity of the native skill industry.

- Reach out campaign should be arranged to industry and expose them to the process of Skill Training to appreciate the competency gained by the skilled manpower to make them understand that the skilled manpower should be paid higher wages than the minimum wage.

- Increase the number of the Primary Sector Training institutions to maximise the yield of the agriculture produce. Post Harvesting and Food Preservation is also other skills which the youth have to be trained.

- Well trained youth in different sectors like Hospitality, Automative Retail, Banking Healthcare etc, Sectors helps in making the district grow as a commercial hub as it is in the Bengaluru – Mangalore highway.

- Trained manpower tends to migrate either to Mysuru or Bengaluru or elsewhere as the employment opportunities are less. So, to overcome this and more Primary sector training institutions could be setup with technology orientation to attract the youth back to their own irrigated land.

Annual Work Plan.

Initiative

The primary initiative is to assess and fulfil the demand for skilled personnel, Enrolment & Counselling of Trainees, Monitoring of Training Activities, Promoting Self Employment Activities, DSC Capacity Building Activities in the district. This includes identifying key sectors with a demand for skilled labour, developing targeted training programs, and collaborating with local industries to ensure a steady supply of well-trained professionals. This initiative aims to bridge the skill gap, enhance employability, and contribute to the overall economic development of the district.

Categories of work plan:

- Demand for Skilled Personnel in the District
- Enrolment & Counselling of Trainees in the District
- Monitoring of Training Activities in the District
- Promoting Self Employment Activities in the District
