1. Background

About District Skill Development Plan (DSDP)

Ministry of Skill Development & Entrepreneurship (MSDE) developed DSDP plan to develop DSDP at district level. Karnataka Skill Development Corporation (KSDC) is focusing on Improved Quality and Market/Industry Relevance of Skill Development Programmes across the districts of the state. KSDC & GT, PMT is working on the District Skill Development Plan. PMT collected data for District Skill Development Plan.

On the 'SANKALP' Portal, captured the details on District Overview, As Is Schemes, As-Is Trainer Data, As-Is TC Information, Trainee Analysis. It helped in developing District Skill Matrix. District skill matrix is the tool to measure the skill training capacity and process maturity of the district w.r.t Technical and Vocational Training (TVET). The district skill matrix has been designed to be in sync with the State Improvement Grant (SIG) Matrix and is structured around the three components listed below.

Component 1 – Institutional Strengthening
Component 2 – Enhancing Market Relevance and Quality
Component 3 – Inclusion and Access

District Skill Committee (DSC)

Since the District Skill Committee (DSC) are mandated to do planning and skill training they need assistance and guidance in the form of a standard framework. For example, most of the state across the country have DSCs, but are called with different names such as District Skill Development Committee, District Skill Development Authority etc. The members of this committee are District administration officials along with non-government organization like District Employment officer, Agriculture officer, Panchayati Raj officer, Manager Lead bank, Joint Director District Industries Centre, Chamber of Commerce, Industry association president and training providers etc. Members from industry and civil society organizations can also be co-opted under DSC.

District Skill committee is formed in Kodagu district and the committee is engaging in Planning, Mobilisation and Counselling, Industry engagement and Entrepreneurship, Monitoring & Evaluation and MIS and other Support Functions. There are 28 members from different line departments and non-government organizations members of the DSC, and the committee Chairperson is Deputy Commissioner of the respective district.

All the Seven committees have been formed in Kodagu districts with all the requisite members appointed as per the requirement of DSC Skill Book Sub-committees are formed which can take up specific set of activities and projects. The sub committees that the DSC are given below.

Sl. No.	Name of the Sub-committee	Chairman	Co-Chairman
1	Mobilisation and Counselling	PD, DUDC	PD, DRDA
2	Training Quality	District Skill Development Officer	Principal-Govt. Polytechnic College, Kushalnagar
3	Industry Interface	JD, District Industry Centre	Kodagu Industry Association President
4	Self-Employment	Lead Bank Manager	DD, Women and Child Development (WDC)
5	Gram Panchayat Coordination	PD, DRDA	Chief Planning Officer, ZP
6	MIS, Monitoring and Convergence	District Skill Development Officer	District Statistical officer
7	Agriculture/ Primary Sector	DCF- Forest Department	JD- Agriculture Department

Objectives:

The objectives of adoption and usage of DSDP are as follows.

1. To understand the Skill ecosystem of Kodagu district.
2. To create Institutional Mechanism for designing, implementation, M&E of skill development programmes and assign roles and responsibilities to streamline the process for achievement of desirable outcomes.
3. To create convergence of skill development programmes to avoid the duplicity in the implementation at the district level and better utilisation of the financial resources.
4. To understand the type, nature and coverage of the skill development activities implemented by the other departments apart from State skill development mission (SSDM)
5. To understand the capacity, competence and formal recognition of existing trainers in the district
6. To understand the current capacity of training partners across the variety of sectors and job roles and examine the status of adoption of NSQF framework.
7. To understand the current role and capacity of primary sector in the economy of the district
8. To understand the coverage of marginalised communities in the demand sector and job roles, placement of the candidates, average renumeration, etc.
9. To understand the progress of the skill development activities within the district against the three major components
   (a) Institutional Strengthening at the District Levels for Planning, Delivering, and Monitoring of Skill Development Programmes
   (b) Improved Quality and Market Relevance of Skill Development Programs
   (c) Improved Access and Completion of Skill Training for Women and Other Disadvantaged Groups.
10. To understand the demand and perspective of the industry in terms of expected recruitment, job roles, skill gap, quality of training, incentivisation of skill workforce etc.
11. To understand the gap between supply side and demand side for design and improvement of current policies and procedures.
12. To create a holistic annual action plan with the defined outcomes based on the gaps identified during the study.

2. District Profile

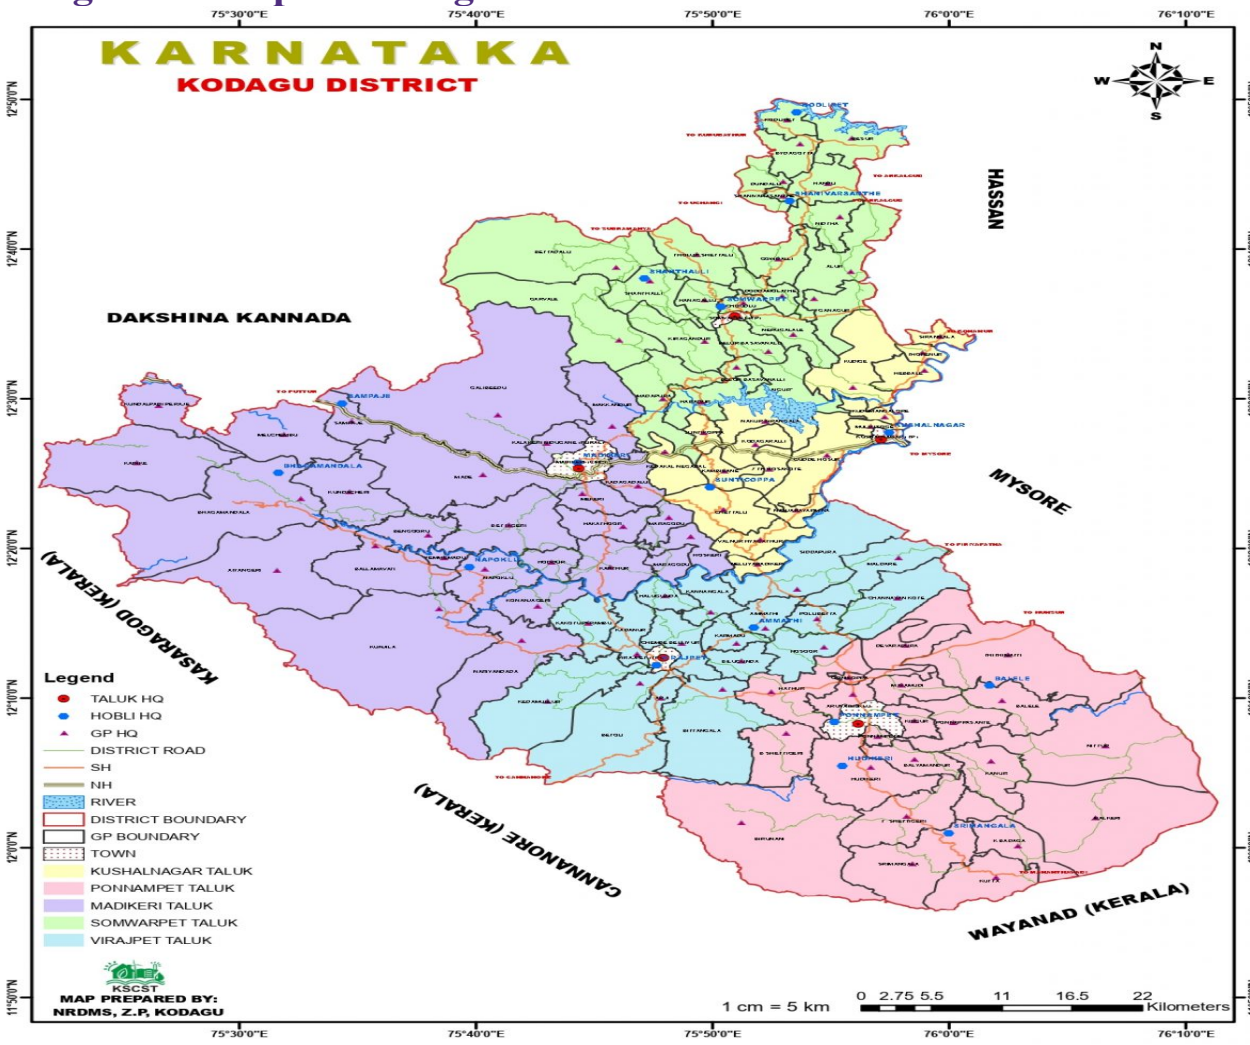

District Overview:

Kodagu, is the most beautiful hill station of Karnataka, glorified by the dense forests of the foothills of the Western Ghats. It covers an area of 4,102 square kilometres (1,584 sq. mi) in the Western Ghats of southwestern Karnataka. As of 2011 census, the population of the district was 554,519, with 13.74% concentrated in the urban centres of the district, making it the least populated of the 30 districts of Karnataka. Kodagu coffee and the "brave warriors" of Kodagu are world famous. Madikeri is the headquarters of Kodagu. Kodagu is home to locals who speak the Kodava language.

Most of the land in Kodagu is used for agriculture. Historically and typically paddy fields are found in the valley region. Coffee and chilli plantations are found in the surrounding hills mainly near Madikeri. A common crop is coffee, especially coffee robusta, which is grown in abundance. It is the second coffee producing area in India after Baba Buddagiri in Chikmagalur district. This has made Kodagu one of the richest districts in India.

Kodagu is considered rich in wildlife resources. It has three wildlife sanctuaries and one national park: Brahmagiri, Talakaveri and Pushpagiri wildlife sanctuaries and also known as Nagarhole National Park or Rajiv Gandhi National Park.

4. Education Profile

Education plays a significant role in the development of any region. The literacy rate is used to measure achievements in the field of education. As per the 2011 census, the literacy rate in Kodagu is 82.6%, which is higher than the average literacy rate of 75.4% of Karnataka. The average literacy rate in urban areas is 91.5% and 81.1% in rural areas. There are a decent number of educational institutions in the region to cater to the low population. But people migrate to the neighbouring districts like Mangalore, Hassan, Mysore and Bangalore for higher education, even at the stage of High School.

The numbers of educational institutions, including schools, PUC, ITI Degree and Diploma colleges in the district are mentioned below.

Strategies and Priorities based on SWOT and other inputs.

1. Long term Technical Training Institutions can be explored to be part of Short-Term Training Centres. Many of the private ITI's, Polytechnics, Degree colleges can be encouraged to take up Employment oriented short-term programs.
2. District having a well irrigated land has the yield less than State and national average youth need to be motivated towards more of Agricultural related skills like Dairy farming, Organic Farming, etc related skills.
3. With the Tourist places being abundant in the district more youth to be trained in Tourism and Hospitality sector as there are no related skill training centres at present.
4. In the district we have small number of Short-Term Training Centres for the youth population in the district. More Training Centres to be opened based on the demand of requirements of the local and state level employment. As a start at least three training centres in each of the taluk have to be started in priority sectors like Banking, retail, logistics and Hospitality.
5. Training of trainers (TOT) in all the sectors and trades have to be organised and qualified Trainer for Skill Development Institutions should be mandatory.
6. Counselling and Mobilisation has to be strengthened to include more of SC, ST, Women and minorities population of the district.
7. Many of the native skills like homemade wine and homemade chocolate are on the verge of extinct and should be encourage by opening up more and more Native skills related training centre near the vicinity of the native skill industry.

8. Reach out campaign should be arranged to industry and expose them to the process of Skill Training to appreciate the competency gained by the skilled manpower to make them understand that the skilled manpower should be paid higher wages than the minimum wage.
9. Increase the number of the Primary Sector Training institutions to maximise the yield of the agriculture produce. Post Harvesting and Food Preservation is also other skills which the youth have to be trained.
10. Well trained youth in different sectors like Hospitality, IT-ITES, Retail, Banking and automotive sector helps in making the district grow as a commercial hub as it's in the Bengaluru – Mysore highway.
11. Trained manpower tends to migrate either to Mysore or Bengaluru or elsewhere as the employment opportunities are less. So, to overcome this and more Primary sector training institutions could be setup with technology orientation to attract the youth back to their own irrigated land.

Industries and Resorts for the recruitment of personnel in different Job roles

Survey was conducted with Totally 54 industries include resorts were surveyed in which there were 3 industries from the large-scale industries, 51 Small scale industries. Sectors covered mainly Tourisms and Hospitality, Construction, IT-ITES, Banking and Financials, Automotive, Rubber and Machine maintenance. Based on the recruitment made by the employers it shows that there is ample opportunity for expanding the skill training activities to other Job roles.
