DISTRICT SKILL DEVELOPMENT PLAN

MANDYA DISTRICT

Prepared By:
District Skill Mission
DISTRICT SKILL DEVELOPMENT OFFICE, MANDYA
KARNATAKA, INDIA
2024-25

To Whom It May Concern

This letter is to formally confirm that I have reviewed the documents submitted by the district personnel. I hereby attest that the information provided is accurate and complete to the best of my knowledge. Additionally, I approve the plan as outlined in the submitted documents.

Thanking You,

Your Sincerely,

(Dr. Kumar)
Deputy Commissioner,
Mandya District,
Mail ID: dcmandya09@gmail.com

Declaration

"This is to confirm that the plan has been prepared by the district and all data provided has been taken from credible sources and referenced in the proposal".

District Skill Development Officer,
Mandya (Karnataka)

1. District Profile:

1.1 District Overview:

Mandya district, which was formed in 1939, is known as the land of sugar and rice, due to its rich cultivation and production of sugarcane and paddy and existence of numerous sugar mills. The district comprises of seven taluks. It is bounded by Hassan and Tumkur districts on the north, Tumkur and Bangalore districts on the east, Mysore district on the south and Hassan and Mysore district on its west.Mandya district consists of 7 taluks namely Mandya, Maddur, Malavalli, Pandavapura, Srirangapatna, Nagamangala and Krishnaraja Pete Taluks.

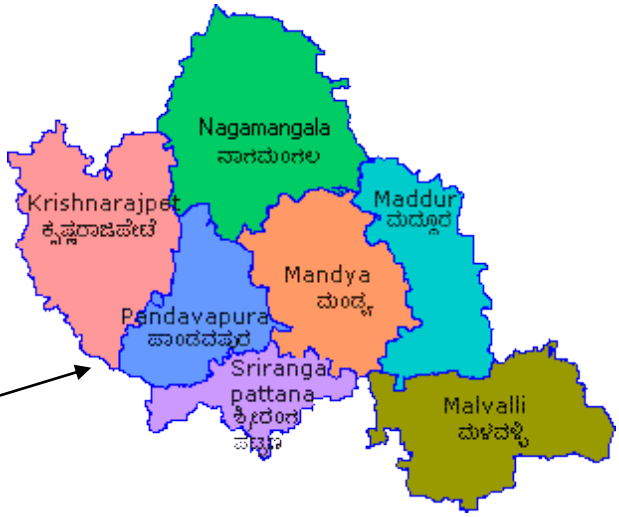

Located between Bengaluru and Mysore, it enjoys a good communication network. Existence of a broad-gauge railway line ensures easy transportation of raw materials and finished goods. The district has a total land area of 4,962 sq. km., which is 2.6 per cent of the total State area. It has a total population of 18.05 lakh people, which is about three per cent of the total population in Karnataka.

Figure 1: Map of Karnataka state and Mandya district

Map of Karnataka State

Map of Mandya District

Majority of the population at about 84 per cent lives in rural areas. Agriculture is the main occupation, employing 73 per cent of the labour force (as of Census 2001). The remaining is in household industry (two per cent) and other workers at 24 per cent. Other than sugarcane, the district is also known for its tourist spots, most of which are of historical significance. These include Ranganath Swamy temple, Ranganathittu Bird Sanctuary, Krishna Raja Sagara Dam, Brindavan Gardens, Shivasamudram and Gumbaz.

Since the district is situated close to Bengaluru, many people from the district travel to the State capital on a daily basis for their employment and livelihood. Bengaluru is also the first preference for the district youth.

2. Demographic Profile:

Mandya district is located between north latitude 12°13' to 13°04' N and east longitude 76°19' to 77°20' E.

As per Census 2011, Mandya district has a population of 18.05 lakh persons – 2.96 per cent of the State population. Majority of the population at 23 per cent each is concentrated in Mandya taluk, followed by 16 per cent each in Maddur and Malavalli taluks, 14 per cent in Krishna Raja (K.R.) Pete taluk and remaining in other taluks.

Table 1: Demographic details of Mandya district

Temperature	35° C (Max) 17° C (Min)	**District Headquarter**	Mandya City
Relative Humidity (%)	79 (Max) 45 (Min)	**Population**	1,805,769 (As per Census)
Annual Normal Rainfall	700 mm	**Population Density**	364 per sq.km
Rivers	Kaveri, Hemavathi, Shimsha, Lokapavani, Veeravaishnavi and Paschimavahini.	**Sex Ratio**	995 Females per 1,000 males
Area	4,962 sq.km	**Literacy Rate**	70.40%

Source: Karnataka at Glance, 2020-21

The district's literacy rate is 70.40 per cent, which is over nine per cent improvement from its literacy rate of 61.05 per cent in 2001. The 2011 literacy rate is still lower than the State average of 75.36 per cent. Male literacy at 78.27 per cent is higher than female literacy rate at 62.54 per cent.

Most of the population (83.9 per cent) lives in rural areas. In fact, as mentioned earlier, agriculture is also the main occupation of the people of the district, employing 73 per cent of the labour force as either cultivators or agricultural labourers.

	Total	Rural	Urban
SC share of Youth Population	1,05,351 (15.46%)	87,023 (15.62%)	18,328 (14.75%)
ST share of Youth Population	8,987 (1.32%)	6,814 (1.22%)	2,173 (1.75%)

3. District Support Infrastructure:

Rail 	Mandya district belongs to "South Western Railways" of "Indian Railways". All trains between Bangalore and Mysore pass through Maddur, Mandya, Pandavapura and Srirangapatna. Connected to Chamarajnagar, Hassan, Bengaluru and other places by rail.
Road 	Mandya district has an extensive road network and well connected to major cities like Bengaluru, Mysuru, Magalore Etc. The National highways and state highways which are passing through Mandya district are as followes. **National Highways:** NH-275 (Bengaluru-Bantwala), NH-209 (Bengaluru-Dindigal), NH-150(A) (Srirangapattana-jewargi), NH-75 (Mangaluru-Bengaluru) passes through the district. **State Highways:** SH-94 (Halaguru-Channapattana), SH-85 (Bengaluru-Jalsoor), SH-84 (Sira-Nanjanagudu), SH-79 (Srirangapattana-Bannur), SH-47 (Mandya-Gubbi-Huvinahadagali), SH-33 (Pavagada-Maddur-Malavalli), SH-07 (Bengaluru-Jalsoor).
Airport 	Kempegowd International Airport is at a distance of 132 kms from the district headquarters. Other airports include Mangaluru, Hubballi, Coimbatore and Chennai.
Port 	Nearest seaport is Mangaluru, 285 kms away. Other seaports include Karwar, Chennai and Goa.
Water 	Cauvery, Hemavathi, Shimsha, Lokapavani and Veeravaishnavi are the main rivers. Major reservoirs are Krishna Raja Sagar and Hemavathi. Average demand: 2.75 lakh litres per day (industry), 165 lpcd (domestic) Average consumption: 2.75 lakh litres/ day (industry), 135 lpcd (domestic)
Power 	Distribution through Chamundeswari Electricity Supply Company Limited (CESC) Hydel power projects at Mandagere (3.5 MW), Shivanasamudram (42 MW), Shimsha (17.2 MW), Keelara (2 MW), Malavalli (4.5 MW).

4. Geographical Indication (GI):

Name of GI Registered Product: Karnataka bronze ware

Application Number: 62 **Certificate Number:** 52

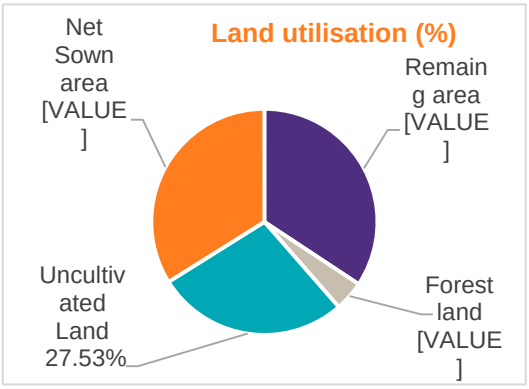

Certificate Date: 28-03-2008

Karnataka bronze ware is centered on Nagamangala in Mandya district, which is known for its bronze casting. "The bronze makers of Nagamangala have for centuries displayed delicate workmanship, especially in delineating in the most charming manner, the anatomy of the human body".

5. Agricultural Profile:

Figure 3: Land Utilisation

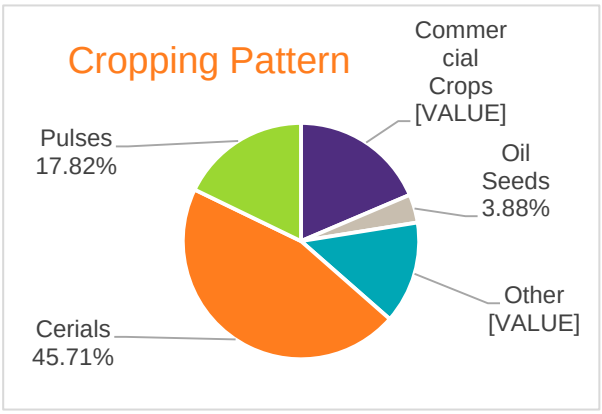

Thrust Areas

- Crop diversification
- Hi tech horticultural Nurseries
- Agro Forestry, Bio-fuel Plantations
- Micro irrigation
- Organic farming

Major Crops

- Cereals - Ragi, Paddy, Maize, Jowar
- Pulses - Cowpea, Green gram, red Gram
- Oilseeds - Groundnut, sesame, Castrol, Soyabean
- Commercial crops - Sugarcane
- Plantation - Coconut, aeronaut
- Spices - Tamarind, Coriander, Ginger, Turmeric
- Vegetables - Tomato, Brinjal, Bhendi, Green, Chillies, Beans
- Flower – Jasmine, Crossandra,
- Chrysanthemum, Marigold
- Fruits – Banana, Mango, Guava, Sapota and Amla

Figure 4: Cropping Pattern

Key Enablers

- The district has uniform agro climate conditions Uniform Southern Dry Climate Zone.
- A good network of banks and financial institutions including SHGs and NGOs.
- Quality Seed and Cocoon Production with modern automatic and semi-automatic reeling units
- Specialized jaggery market and Coconut Market.
- 343 MT capacity cold storage especially for milk products.

5.1. Agri Yield Analysis:

Agriculture yield gap analysis of Mandya district is captured, Rice, Coconut, Ragi, Horse-gram, and Sugarcane crops is widely spreading across the district (Table 6).

Table 6: Agri Yield Analysis

Crop	Crop Area District (Hectare)	District Crop Production (Tonnes)	District Yield	State Max Yield	India Max Yield
Rice	68030	219798	3.27	4.04	5.90

	Grand Total	**511**	**1253**	**742**

6. Economic Profile:

GDP is INR 2,37,220 Crore for the district in the year 2024-25. Per capital annual income in the district is INR 53318 for the year 2024-25 (Table 8).

SI No.	Description	INR Crores	Contribution in District(%)	Contribution to State (%)
1	Total District GDDP	53318		
2	Agriculture and Allied (Agriculture, animal, Husbandry, Forestry, Fishing)	8478	15.9%	2.7%
3	Industry (Manufacturing, Construction, Mining)	12050	22.6%	2.5%
4	Services (Real Estate, Hotels and Restaurants, banking, and legal services)	32790	61.5%	2.2%

7. Education Profile:

Based on the data available for the school enrolments, there is an 18% dropout in class 6 and consistency in the students from Class 7 to 10 with about less than 4% dropout and class 10. There is a significant drop from Class 11 to Class 12 which goes up to 20%, which is a significant number. This is the population to be targeted for the skill training as they are entering the employment sphere of the population. There is a need to address their livelihoods need through mobilization and counselling.

Table 9: Population of the students from Class 5 to Class 12

1	Gejjalegere, maddur taluk	65
2	Toobinakere (Mandya)	110
3	Somanahalli (Maddur)	135
4	Anaghallipura, Srirangapatna taluk	131

Table 30: Industrial Estates Details

Sl. No.	Industrial Estate	Extent (Acres)
1	Mandya Phase-I & II	43&28
2	Ganjam - Srirangapatna taluk	35
3	Somanahalli - Maddur taluk	8
4	Harohalli - Pandavapura taluk	8
5	Nagamangala	8

11.2 Potential Industries:

Agriculture & Food Processing:

Emerging hub for Agro and food processing industries.

- Annual production of sugar is 1,29,319.1 MT and Jaggery is 2,00,000 MT.
- There are 35 rice mills, 5 sugar factories and a cluster of jiggery making units in Mandya.
- Houses the oldest sugar factory in Karnataka, with a crushing capacity of 5000 tons of cane per day.
- Sugar mills, rice mills, milk and dairy based units, oil extraction units are small scale food processing units in Mandya.

Sericulture:

- Ranks 3rd in Karnataka for its Sericulture produce
- The area under Mulberry cultivation is 24000 hectares
- The district supports more than 40,000 sericulturists
- Scope for expanding of the area under bivoltine and introducing modern and automatic reeling units.

Other Sectors:

Textiles and Handlooms

- There is a Handlooms Cluster in Kodiyala in Srirangapattana and Melukote in Pandavapura Taluk.
- Strong ecosystem for textile with presence of large organizations like Welspun, Gokaldas, Shashi Exports, Jocky etc.

11.3 Tourism:

Tourism is a key contributor to the districts economy as it houses several places of tourist interest such as temples, islands, falls etc. Mandya is visited by tourists from all over the world. Some of the important places of tourism in Mandya are**:**

Krishna Raja Sagara Dam and Brindavan Garden:
Located 19 kms North-West of Mysore is the KRS Dam and the ornamental terraced Brindavan Gardens. The swirling Musical Fountains dancing to the rhythm of soft music and colourful Lights transform this place into a fairy land in the evenings, attracting thousands of visitors.

Ranganathittu Bird Sanctuary:

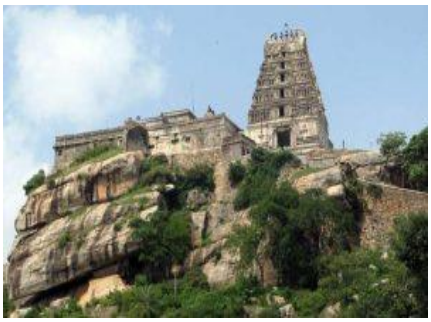

4 K.M.s from Srirangapatna and 18 K.M.s from Mysore is the Ranganatittu Bird Sanctuary that allows a close view of birds, both exotic and familiar and of crocodiles that resemble mud banks. Birds from as far away as Siberia make this their home. River Kaveri spreads among stones and lagoons to form a group of islands full of lush green vegetation making this place an ideal haven for birds which migrate here from all over the world.

Shivanasamudra:

Shivasamudra, where the river Kaveri cascades down in two picturesque waterfalls, is treat to watch. Falling down 75 Mts. into a deep rocky gorge, these falls are at their best during the Monsoon months (July to November). Asia's first hydro-electric project was set up here in 1905. Power was evacuated from this power project to Kolar Gold Fields near Bangalore for running the Gold mines.

Melkote Cheluva Narayana Swamy Temple:

36 Kms North from Mandya is Melkote, a sacred pilgrim centre, known for its Vairamudi festival in March- April. More than one lakh devotees congregate here for this festival. Melkote used to be known for its Handlooms. The great saint Ramanujacharya walked this land a thousand years ago. The Chaluvanarayan Swamy and Yaganarasimha swamy temples of Melkote boast of a history of more than 1000 years. Melkote is also home to theAcademy of Sanskrit Research.

Brahmeshvara Temple, Kikkeri:

Situated about eight miles from K.R.Pet town and ten miles from Sravanabelagola, this temple is a fine specimen of Hoysala architecture. It was constructed in A.D.1171, during the rule of the Hoysala King Narasimha I, by a lady named Bammare Nayakiti. This ornate structure has some special features. The sides of the temple are convex viewed from outside and bulge out so that the interior dimensions are widened beyond the base.

Satyagraha Soudha Shivpura:

A monument to mark the freedom struggle at Maddur in particular and Mandya district in general, this is an architecturally unique building located on Bangalore Mysore Highway, 80 K.M. away from Bangalore and 25 K.M.s from Mandya.

Engineering Based - There are 2 clusters for Metal ware and Metal images in Nagamangala taluk.

- Special Zone industries like- Ayurved medicines, tools and dies, filament for bulbs, Hi-tech bus body building conveyor belts, coconut tetra packing

12. Survey Employer:

12.1 Primary Sector:

Table 31: Demand of Self Employment Job roles in Primary Sector

Sl. No	Sector	Job roles	Indicative demand
01	Agriculture	Dairy farming, Poultry, Plant Protection, Sericulturist, Goat rearing	750

Source: DSDP tool kit Mandya district

12.2 Secondary Sector:

Based on the information obtain of the Survey of Employer in the Secondary Sector from Survey of Employer. Totally 46 industries were surveyed in which there were 14 industries from the Medium Scale level industries and 32 Small scale industries. Sectors covered were both from Manufacturing and Service sector. It's found that the major requirement is in the Apparel Sector for the job role of Sewing Machine Operator. There are requirements in automotive sector.

Table 32: Demand of Job Roles in Secondary Sector

S.No	Sector	Job Role	Indicative Demand
1	IT-ITeS SSC	Computer Operator	8
2	IT-ITeS SSC	Back Office Executive	13

3. Gap Analysis:

13.1 Demand Supply Gap in Manufacturing and Service Sector:

It's clear from the data that there more trainings were conducted in Apparels, Made-ups & Home Furnishing and IT-Ites sectors in the district and demand is also high for these sectors and job roles like Retail Sales associate. Demand is low for Agriculture, Electronics sector and logistic sector job roles like Documentation Assistant and Consignment Booking Assistant. However, the demand and supply is low for BFSI sector especially for job role Accounts Payable and Receivable.

Table 34: Trades which are high in supply but low in demand

	Sector	Trade
1	ITes and related	Junior Software Developer
2	Apparel, Made-ups & Home Furnishing	Assistant Fashion Designer
3	Logistics	Documentation Assistant
4	Electronics	Field Technician Computing and Peripherals

13.6 Gaps in Wages:

Table 43: List of trades where Wage Gap between male and female trainees is high

Sl.No	Job roles	Male		Female		Wage Gap
		Number Placed	Avg. Wage	Number Placed	Avg. Wage	
1	Junior Software Developer	04	11,000/-	14	8,000/-	-3,000/-
2	Retail Sales Associate	24	8,250/-	20	5,750/-	-2,500/-

Source: DSDP tool kit Mandya district

14. SWOT Analysis:

Table 44: Details of SWOT Analysis of the district

Sl. No	Strengths	Sl. No	Weaknesses
1	Good number of Long-Term Technical Institutions	1	Shortage of Qualified Trainers
2	Irrigated Land	2	Social Inclusion to be increased
3	Tourism Places	3	Lack of skilled manpower for Native skills
4	Close to state capital.	4	Lower than minimum wages for Skilled Manpower
5	Young Population	5	
Sl. No	**Opportunities**	**Sl. No**	**Threats**
1	Can develop as Commercial Hub for Bengaluru Mysore Highway	1	Trained Manpower tend to migrate
2	Increase skilled manpower in Primary Sector and thus increase the Yield	2	Uncertified Trainers affect quality of Skill Training
3	Utilise established institutions to impart Short Term Training Programs	3	
4	Effective Utilisation of Upgraded Technical Courses	4	
5	Increase the short term skill training centres.	5	

14.1 Strategies and Priorities based on SWOT and Other Inputs:

- Long term Technical Training Institutions can be explored to be part of Short-Term Training Centres. Many of the private ITI's, Polytechnics and Degree colleges can be encouraged to take up Employment oriented short-term programs.

- District having a well irrigated land has the yield less than State and national average youth need to be motivated towards more of Agricultural related skills like Dairy farming, Organic Farming, etc. related skills.
- With the Tourist places being abundant in the district more youth to be trained in Tourism and Hospitality sector as there are no related skill training centres at present.
- Only 5 Blocks/Taluks have small number of Short-Term Training Centres for the youth population in the district. More Training Centres to be opened based on the demand of requirements of the local and state level employment. As a start at least three training centres in each of the blocks have to be started in priority sectors like Banking, Retail, Apparels, IT & Ites and Hospitality.
- Encourage the trainers to take up the Training of trainer certification in all the sectors.
- Counselling and Mobilisation has to be strengthened to include more of SC, ST, Women and minorities population of the district.
- Many of the native skills like handloom are on the verge of extinct and should be encourage by opening up more and more native skills related training centre near the vicinity of the native skill industry.
- Reach out campaign should be arranged to industry and expose them to the process of Skill Training to appreciate the competency gained by the skilled manpower to make them understand that the skilled manpower should be paid higher wages than the minimum wage.
- Increase the number of the Primary Sector Training institutions to maximise the yield of the agriculture produce. Post Harvesting and Food Preservation is also other skills which the youth have to be trained.
- Well trained youth in different sectors like Hospitality, Retail, Banking and automotive sector helps in making the district grow as a commercial hub as it's in the Bengaluru – Mysore highway.
- Trained manpower tends to migrate either to Mysore or Bengaluru or elsewhere as the employment opportunities are more. So, to overcome this and more Primary sector training institutions could be setup with technology orientation to attract the youth back to their own irrigated land.

Table 45: Details of top job roles where demand is higher than the training capacity

Sl. No	Job roles	Sector	Incremental Capacity Needed
1	Sewing Machine Operator	Apparels	543
2	Sales Executive	Retail	164
3	Marketing Executive	BFSI	52
4	Mechanic	Automotive	37
5	Quality Inspector	Apparel	23

When we analysed the gap from the collected data it's clear that there is a requirement to increase the placement.

Table 46: Details of Job roles where there is excess capacity

Sl. No	Trade	Sector
1	Field Technician - Computing and Peripherals	Electronics and Hardware SSC
2	Junior Software Developer	ITes and Related SSC
3	Assistant Fashion Designer	Apparel Made Ups and Home Furnishing SSC
4	Documentation Assistant	Logistics

15. Existing Schemes/Initiatives:

15.1 Industry Linkage Cell:

Karnataka Skill Development Corporation has rolled out "Industry Linkage Cell" to create a strategic relationship with the industries from growing sectors across Karnataka to strengthen Skill Eco-system. This initiative will help in building strong Industry Academia relationship resulting in improved employment outcomes for the Unemployed Youth across the state. The Industry Linkage Cell (ILC) aims to improve the overall quality and relevance of the skill ecosystem in the state. One of the key factors to achieve the objective is to enable and strengthen strong industry linkages. These industry linkages are aimed at facilitating better job opportunities to the trainees, and provide demand driven industry relevant training opportunities to the trainees. Enabling these collaborative efforts between the KSDC and the Industry will ultimately lead to bridging the skill gap, provide on demand skilled man power to industries, beer employment outcomes for the unemployed youth.

15.2 Naandi Foundation Employability Skill Training Programme:

This programme have been conducting by Mahindra Pride Classroom, Naandi Foundation in collaboration with Karnataka Skill Development Corporation across the state. Mahindra Pride Classroom is a CSR initiative of the Mahindra & Mahindra group of companies. As a part of our off-campus institutional training project in Karnataka on the Employability Skill Training Program. Train the final year girl students of Under-Graduation and Post-Graduation on life skills, communication skills, soft skill, and Interview preparation training sessions, as our training sessions are industry oriented.

Table 47: Naandi Foundation Training Programme in Mandya District

Sl. No.	Course Name	College Name	No. of Trained Girl Students
01	Agriculture	College of Agriculture, V.C. Farm, Mandya 571 405	-
02	Python	G. Madegowda Institute Of Technology, Bharathinagara	-

03	Soft Skill	Govt. College for Women (Autonomous), Mandya	-
		Karnataka State Akkamahadevi Women's University, Extension Centre for PG Studies and Research, B. H. Colony, Mandya Taluk	-
		Government First Grade College for Women, K.R Pete	-
		Total	-

15.3 One District One Product (ODOP):

Jaggery is selected for Mandya district under One District One Product Scheme. Mandya district is known for sugarcane cultivation and production of Jaggery and Sugar. Mandya is primarily an agriculture based district. Jaggery making in Mandya is being carried out traditionally since generations. About 15% of the total agricultural land of the district is used for sugarcane cultivation. Sugarcane, the raw material required for making Jaggery, is present here in abundance.

- More than 630 Jaggery manufacturing units are functioning in Mandya district as on today.
- Each Jaggery manufacturing units provide employment to minimum 6 persons with an average wages of Rs. 13,000/- per month.
- On an average each Jaggery units produce one ton of Jaggery per day from 10 tons of sugarcane. Assuming a selling price of Rs. 42,000/- per ton of Jaggery and Rs. 3000/- per ton of sugarcane. The valuce addition per ton of sugarcane is 40%. When it is converted to Jaggery and sold.

Table 48: Special Project on ODOP

Project Name	Brief description of Job roles	Financial Estimate	Learning Outcomes	Status
Jaggery Maker/ Producer	Perform post-harvest Management & sugarcane and process sugarcane. Analyze the juice and can monitor different process involved in Jaggery Production.	Rs. 1,89,000/-	1. Maintain personal hygiene and health. 2. Handle personal finance and work related stress. 3. Communicate with clarity and conduct appropriately with co-workers/ women/employers/visitors. 4. Understand & execute various unit operations & maintain the equipment's involve for Jaggery production. 5. Apply Storage, marketing and quality standards including new storage practices such as MAP, CAP, and HACCUP ETC. for Jaggery.	Proposed

15.4 One District One Skill (ODOS):

A unique-"One-District-One Skill" programme aimed at rejuvenating the traditional skills practised in Karnataka. The Karnataka Skill Development Corporation has identified various traditional arts and skills of every district in the State. This programme is designed for technological upgradation and design intervention of these special skills. As part of this programme, around 100 skilled persons will be trained in each district for entrepreneurship, market linkages and technological upgradation etc.

Table 49: Selected skill for Mandya district under ODOS

Traditional Skill	Sector	Target Allocated
Kodiyala Sarees	Textiles & Handlooms	100

15.5 Job Fairs:

District Skill Mission has been organising the job fairs periodically in association with Karnataka Skill Development Corporation.

Table 50: Job Fairs Details

Sl. No.	Date	Place	Participated Companies	Participated Candidates	Selected Candidates
01	29-12-2021	Govt. First Grade College, Nagamangala	13	290	96
02	23-02-2022	Mandya University, Mandya	20	750	275
03	19-03-2022	Govt. Engineering College, KR Pete	76	8280	1182

17.Annual Work Plan:

The Skill Development Department of Mandya District is dedicated to fostering a skilled and capable workforce to meet the demands of the evolving job market. Through targeted initiatives and strategic planning, the department aims to equip individuals with the necessary skills and knowledge to enhance their employability and entrepreneurial potential. For the Annual Plan 2024-25, the department is focusing on several key areas: the enrolment and counselling of trainees, the monitoring of training activities, and the promotion of self-employment activities.

Initiatives for Enrolment and Counselling of Trainees

To ensure that individuals from diverse backgrounds have access to skill development opportunities, the department will enhance its enrolment and counselling processes. This includes:

1. **Outreach Programs**: Conducting awareness campaigns in rural and urban areas to inform potential trainees about available courses and the benefits of skill development.
2. **Counselling Services**: Providing personalized counselling to help individuals choose the right training programs based on their interests, aptitudes, and career goals.
3. **Partnerships with Educational Institutions**: Collaborating with schools, colleges, and vocational training centers to streamline the enrolment process and reach a wider audience.

Monitoring of Training Activities

To ensure the effectiveness and quality of training programs, the department will implement robust monitoring mechanisms. These include:

1. **Regular Assessments**: Conducting periodic evaluations to assess the progress of trainees and the effectiveness of the training programs.
2. **Feedback Mechanisms**: Establishing channels for trainees to provide feedback on their training experiences, which will be used to make necessary improvements.
3. **Performance Tracking**: Utilizing technology to track the performance and outcomes of training programs, ensuring that they meet the set objectives and standards.

Promoting Self-Employment Activities

Recognizing the importance of self-employment in economic development, the department will actively promote entrepreneurial initiatives. Key strategies include:

1. **Entrepreneurship Training**: Offering specialized courses and workshops to equip individuals with the skills needed to start and manage their own businesses.
2. **Financial Support**: Facilitating access to funding and financial resources through partnerships with banks and financial institutions.
3. **Mentorship Programs**: Connecting aspiring entrepreneurs with experienced mentors who can provide guidance, support, and practical advice.

The Annual Plan 2024-25 of the Skill Development Department of Mandya District is designed to create a robust ecosystem for skill development, ensuring that every individual has the opportunity to thrive in today's competitive environment. By focusing on enrolment, monitoring, and self-employment, the department aims to drive sustainable economic growth and improve the quality of life for the residents of Mandya District.

THE ENROLMENT AND COUNSELLING OF TRAINEES

Initiatives	1. Enrolment - Collaboration with Educational Institutions.
	2. Career Counselling Workshops
Key Activities	1. Partner with schools and colleges to promote skill development programs. 2. Conduct seminars and interactive sessions in educational institutions.
	1. Conduct workshops to help trainees understand career opportunities and skills requirements. 2. Offer one-on-one counselling sessions.
Start Date	1st April,2024
End Date	31st March, 2025
Resources Needed	1. Partnership coordinators. 2. Presentation materials and seminar facilitators.
	1. Career counsellors and workshop facilitators. 2. Workshop materials and Venue for conducting program at different Government Institution
Budget	3,00,000-00 (Three lakhs rupees only)

MONITORING OF TRAINING ACTIVITIES IN MANDYA

Initiatives	1. Establishing training centres
	2. Reporting and Documentation
Key Activities	1. Facility Design and Setup- Develop and implement the physical infrastructure for the training centres. This includes planning the layout, designing the facilities to meet educational needs, and overseeing construction or renovation to ensure it aligns with the specified requirements
	2. Preparation and Distribution of Monitoring Reports- Compile and prepare detailed reports based on monitoring activities, such as inspections, feedback analysis, and performance evaluations of training programs.
Start Date	1st April,2024
End Date	31st March, 2025
Resources Needed	1. Consultant / Architectural and design services are crucial for planning and designing the layout of the training center.
	2. Reporting and Documentation Software needed -Software tools that assist in compiling, analyzing, and formatting data into comprehensive reports.
Budget	3,80,000-00 (Three lakhs eighty thousand rupees only)

PROMOTING SELF-EMPLOYMENT ACTIVITIES

Initiatives	1. Skill Development Programme
	2. Self- Employment Campaign & Outreach programme
Key Activities	1. Launching Skill Enhancement Workshops- Conduct specialized workshops designed to enhance specific skills that are crucial for self-employment. These workshops should focus on practical skills relevant to various trades or sectors, such as digital marketing, carpentry, plumbing, or tailoring, depending on local needs and opportunities.
	2. Organizing Job and Self-Employment Fairs- Host job and self-employment fairs to connect aspiring entrepreneurs and job seekers with potential employers, business mentors, and self-employment resources. These events should feature booths, presentations, and networking opportunities, where participants can learn about job openings, self-employment opportunities, and receive guidance on starting their own businesses.
Start Date	1st April,2024
End Date	31st March, 2025
Resources Needed	1. Skilled Trainers and Workshop Facilitators.
	2. Event Management Services
Budget	3,60,000-00 (Three lakhs Sixty thousand rupees only)

In the annual plan for the Skill Development Department of Mandya District, the initiatives of **Enrolment and Counselling of Trainees**, **Monitoring of Training Activities**, and **Promoting Self-Employment Activities** are interlinked and critical for advancing the district's skill development objectives. Each component plays a pivotal role in enhancing the overall effectiveness of the skill development programs and ensuring that they meet the needs of the local population.

1. Enrolment and Counselling of Trainees: The successful enrolment and counselling of trainees are foundational to creating a skilled workforce. By implementing targeted outreach efforts and providing personalized guidance, the department ensures that individuals are not only aware of available training opportunities but also receive support in choosing programs that align with their career aspirations and local job market demands. Effective enrolment and counselling enhance trainee engagement and retention, leading to better training outcomes and improved employment prospects.

2. Monitoring of Training Activities: Monitoring is essential for maintaining the quality and relevance of training programs. By establishing rigorous monitoring frameworks, conducting regular inspections, and evaluating training delivery, the department can ensure that training centers operate at optimal standards. This ongoing oversight helps in identifying and addressing any gaps or issues promptly, thereby maintaining high standards of training and adapting to emerging needs. Effective monitoring also facilitates data-driven decision-making and continuous improvement in training practices.

3. Promoting Self-Employment Activities: Promoting self-employment activities is crucial for fostering entrepreneurship and economic growth within the district. By organizing entrepreneurship training workshops, job and self-employment fairs, and providing support for self-employment ventures, the department empowers individuals to create their own business opportunities. This initiative not only addresses unemployment but also stimulates local economic development and innovation. Supporting self-employment helps diversify income sources, reduce dependency on traditional employment, and enhance overall economic resilience.

Overall Integration and Impact: When integrated effectively, these initiatives create a comprehensive skill development ecosystem that supports individuals from enrolment through to successful employment or self-employment. Enrolment and counselling set the stage for effective training, monitoring ensures quality and relevance, and self-employment promotion provides pathways for entrepreneurial success. Together, these activities contribute to a skilled, motivated, and economically empowered workforce in Mandya District.

the annual plan for the Skill Development Department is designed to build a robust framework that not only enhances the employability of individuals but also fosters a thriving environment for self-employment. By focusing on these key areas, Mandya District can achieve significant progress in its skill development goals, drive economic growth, and improve the livelihoods of its residents.
