

DISTRICT SKILL DEVELOPMENT PLAN

2024-25

MYSURU DISTRICT

Prepared By
DISTRICT SKILL DEVELOPMENT OFFICE, MYSURU
0821-2970815

ಕರ್ನಾಟಕ ಸರ್ಕಾರ

To,

The Additional Secretary,
Ministry Of Skill Development and Entrepreneurship,
Government of India,
Room No.322, 3rd Floor, Shram Shakti Bhawan,
Rafi Marg, NEW DELHI - 110001

Dear Sir/Madam,

Subject: Submission of District Skill Development Plan (DSDP) for the year 2024-25 under SANKALP programme".

Ref: 1) D.O No.76/secy (MSDE)/2024, dated 17th May 2024
2) KSDC/SANKALP/DSDP/CR-05/2024-2025.

With reference to the above, we are submitting here with District Skill Development Plan 2024-25 under SANKALP programme" for consideration please.

Thanking You,

Yours's faithfully,

G.L.Reddy

(Shri.Lakshmikanth Reddy.G ,I.A.S)
Deputy Commissioner, Mysore District &
Chairman District Skill Committee
Mysore

DECLARATION

"This is to confirm that the plan has been prepared by the District and all data, information provided has been taken from the credible sources and referenced in the proposal".

Sd/-
Secretary
District Skill Mission
Mysore, Karnataka

Background

About DSDP Toolkit

Ministry of Skill Development & Entrepreneurship (MSDE) developed District Skill Development Plan (DSDP) tool kit to develop DSDP at district level. Karnataka Skill Development Corporation (KSDC) is focusing on Improved Quality and Market Relevance of Skill Development Programmes across the districts of the state. KSDC, Project Management Team (PMT) is working on the District Skill Development Plan Toolkit. PMT collected data for District Skill Development Plan Toolkit.

In section I of as scenario, captured the details on District Overview, As Is Schemes, As-Is Trainer Data, As-Is ITI Trade Data, As-Is TC Information, As-Is Agri, Trainee Analysis, Cost of Training. It helped in developing District Skill Matrix. District skill matrix is the tool to measure the skill training capacity and process maturity of the district w.r.t Technical and Vocational Training (TVET). The district skill matrix has been designed to be in sync with the State Improvement Grant (SIG) Matrix and is structured around the three components listed below

Component 1 – Institutional Strengthening

Component 2 – Enhancing Market Relevance and Quality

Component 3 – Inclusion and Access

In section II of aggregate demand, captured the details on Survey Employer, Skill Gap Study, Macro Analysis Based Demand, Demand GPDP & Govt Agenda, Self-Employment and Primary sector

Further analysed the gaps in section III with the components like matrix analysis and gap analysis.

District Skill Committees (DSCs)

Since the District Skill Committees (DSCs) are mandated to do planning and skill training they need assistance and guidance in the form of a standard framework. For example, most of the districts across the country have DSCs, but are called with different names such as District Skill Development Committee, District Skill Development Authority etc. The members of these committees are District administration officials like District Employment officer, Fisheries officer, Agriculture officer, Panchayati Raj officer, Manager Lead bank, General Manager District Industries Centre etc. Members from industry and civil society organizations can also be co-opted under DSC.

District Skill committee is formed in Mysuru district and the committee is engaging in (i) Planning, (ii) Mobilisation and Counselling, (iii)Industry engagement & Entrepreneurship, (iv) Monitoring & Evaluation and MIS and (v) other Support Functions. There are 16 members from different line departments are the members of the DSC and the committee chairperson is Deputy Commissioner of the district.

All the eight committees have been formed in Mysuru district with all the requisite members appointed as per the requirement of DSC Skill Book Sub-committees are formed which can take up specific set of activities and projects. Some of the sub committees that the DSC are given below.

- Mobilization and Counselling
- Training Quality
- Industry Interface
- Self-Employment
- Gram Panchayat Coordination

- Agriculture
- Capacity Building
- MIS, Monitoring & Convergence

Objectives:

The objectives of adoption and usage of DSDP tool kit are as follows

- To understand the Skill ecosystem of Mysuru district
- To create Institutional Mechanism for designing, implementation, Monitoring and Evaluation (M&E) of skill development programmes and assign roles and responsibilities to streamline the process for achievement of desirable outcomes.
- To create convergence of skill development programmes to avoid the duplicity in the implementation at the district level and better utilisation of the financial resources
- To understand the type, nature and coverage of the skill development activities implemented by the other departments apart from State skill development mission (SSDM)
- To understand the capacity, competence and formal recognition of existing trainers in the district
- To understand the current capacity of training partners across the variety of sectors and job roles and examine the status of adoption of NSQF framework
- To understand the current role and capacity of primary sector in the economy of the district
- To understand the coverage of marginalised communities in the demand sector and job roles, placement of the candidates, average renumeration, etc.
- To understand the progress of the skill development activities within the district against the three major components

  (a) Institutional Strengthening at the District Levels for Planning, Delivering, and Monitoring of Skill Development Programmes

  (b) Improved Quality and Market Relevance of Skill Development Programs

  (c) Improved Access and Completion of Skill Training for Women and Other Disadvantaged Groups.

- To understand the demand and perspective of the industry in terms of expected recruitment, job roles, skill gap, quality of training, incentivisation of skill workforce etc.
- To understand the gap between supply side and demand side for design and improvement of current policies and procedures.
- To create a holistic annual action plan with the defined outcomes based on the gaps identified during the study

District Profile:

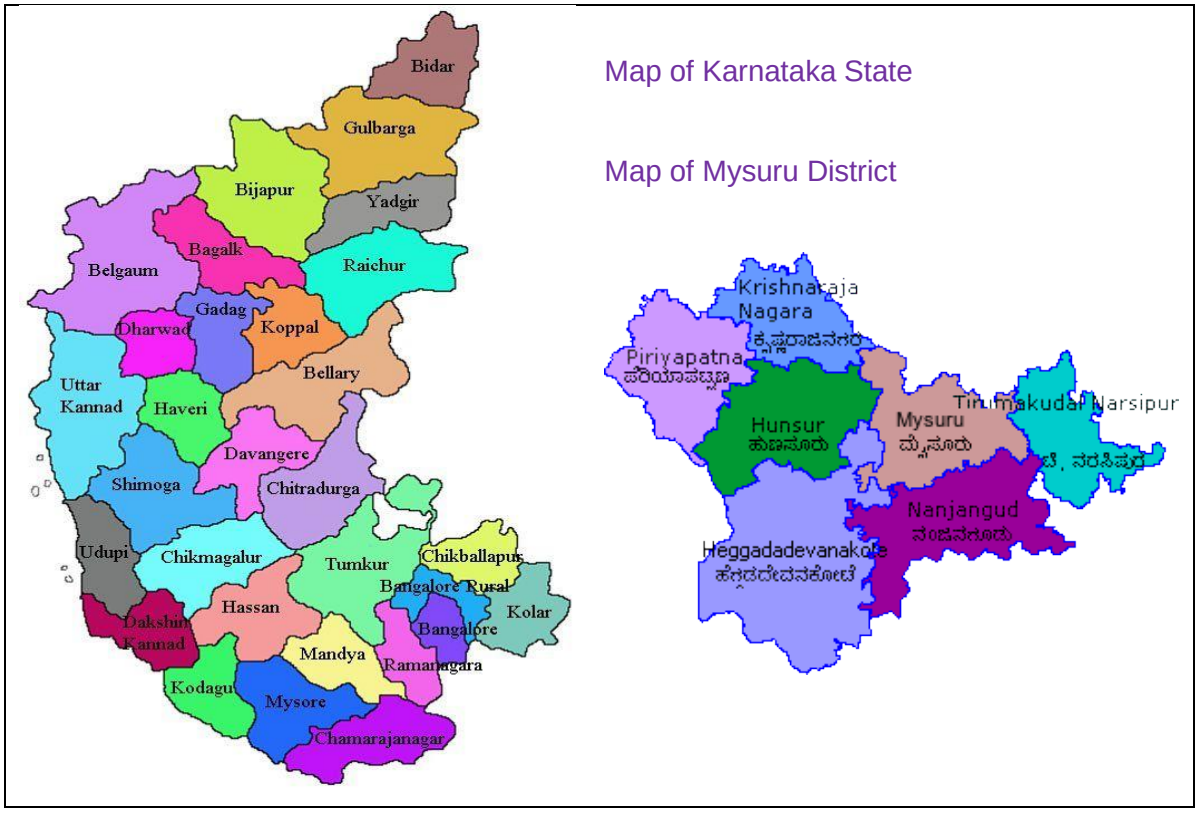

District Overview:

Mysuru District is an administrative district located in the southern part of the state of Karnataka, India. It is the administrative headquarters of Mysore Division. Chamarajanagar District was carved out of the original larger Mysore District in the year 1998. The district is bounded by Chamarajanagar district to the southeast, Mandya district to the east and northeast, Kerala state to the south, Kodagu district to the west, and Hassan district to the north.

This district has a prominent place in the history of Karnataka; Mysore was ruled by the Wodeyars from the year 1399 till the independence of India in the year 1947. It features many tourist destinations, from Mysore Palace to Nagarhole National Park. It is the third-most populous district in Karnataka (out of 31), after Bangalore Urban.

Mysore district is divided into 8 taluks namely H.D.Kote, Hunsur, K.R.Nagar, Mysore, Nanjangud, Periyapatna, T.Narasipur and Sarguru for administrative purposes.

Economic profile

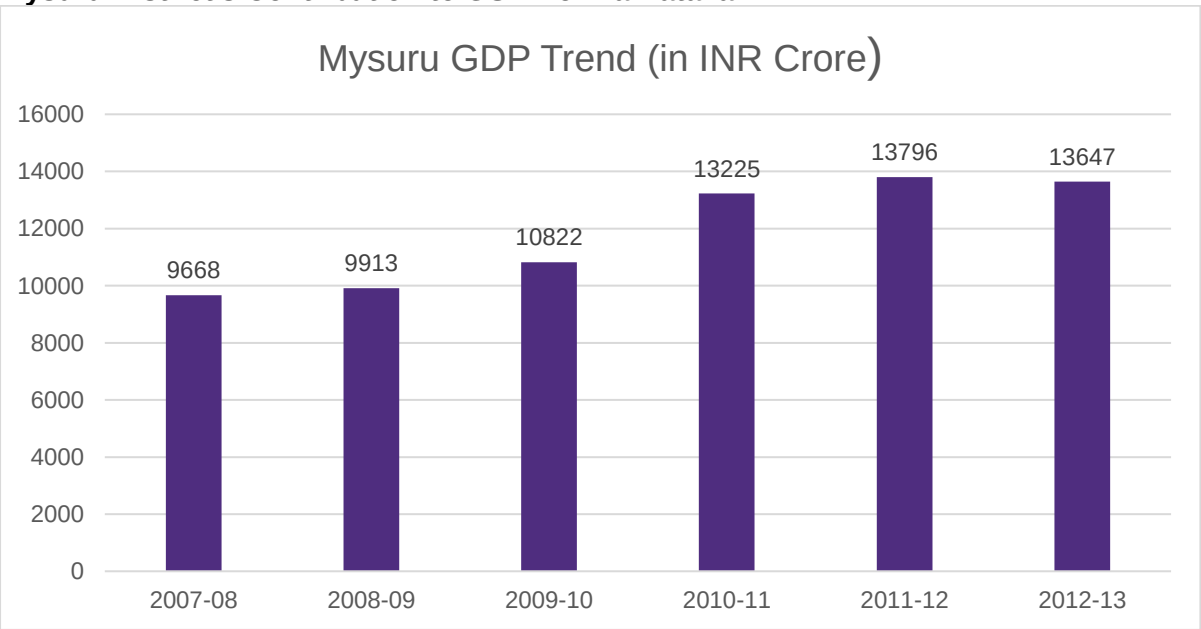

Total district GDP is INR 13,647Crore for the district in the year 2012-13. Per capita annual income in the district is INR 65,759 for the year 2012-13.

Mysuru District's Contribution to Gross District Domestic Product (GSDP) of Karnataka:

Sl. No.	Description	INR Crores	Contribution (%)
1	Total District GDP	13,647	4.5
2	Agriculture and Allied (Agriculture, animal, Husbandry, Forestry, Fishing)	1,928	4.6
3	Industry (Manufacturing, Construction, Mining)	3,717	4.4
4	Services (Real estate, Hotels and Restaurants, banking, and legal services)	8,001	4.6

Source: Karnataka at a Glance, 2013-14

Mysuru District's Contribution to GSDP of Karnataka

Education Profile:

Based on the data available for the school enrolments, there is a consistency in the students from Class 5 to 11 with about 5% dropout. There is a significant drop from Class 11 to Class 12 which goes up to 95%, which is a significant number. This is the population to be targeted for the skill training as they are entering the employment sphere of the population. There is a need to address their livelihoods need through mobilization and counselling.

Source: MYSURU District at a glance

Industrial Training Institute:

There are 15 Government ITIs and 37 private ITI's in the district with skilling the students in totally 40 trades. Important trades are Architectural Draughtsman, Carpenter, Computer Operator and Programming Assistant, Data Entry Operator, Technician, Sewing Technology, Welder, Electrician, and Front Office Assistant etc.

Short Term Skilling Programmes:

Mysuru district has 25 number of Short-Term training centres under CMKKY. They train the youth in various job roles. But in the last financial year training program was not conducted in the private training centre's only few training programs were conducted in govt. training centres like RUDSET, CEDOK, KGTTI etc and one special project Rose wood Inlay work training program was started in the last financial year total 25 beneficiaries were selected for training for 9months duration.

Apparel, IT, Electronics and Healthcare sector dominates the short-term skilling training. There is a demand in Automotive, Banking, Beauty, Retail, Rubber and Tourism sectors as well. Many youths obtain training in these sectors.

Programs under NULM and NRLM:

The district arm under the mission has done some tremendous jobs under skill training to people at both individual and Group levels. Some of the innovative methods taken up by the district office include/ Providing skill training to the urban homeless who reside in the shelter homes designated under the program. Some of the training programs include Agarbathi making, Candle making, Yoga and wellness along with the regular provision of food, clothing and medical support is taken care. / In order to promote marketing to the products made by the Self-Help groups (SHGs), the district collaborated with the 'JSS Urban Haat' that is set I the district and successfully organised 10 days exhibition cum market support and guidance. Detailed Project' Reports (DPRs) for the same are prepared and submitted to the approving authority.

National Rural Livelihood Mission NRLM)

The district has a total of 11266 SHGs and includes 154853 active women members/partic ants in the SHGs. Under the programmed, women are trained under several skills such as Agarbhatti making, soaps, detergents and Phenol making, chapathi making, Masala making, Tailoring etc. Other than these usual activities there are measures to partner with private companies and help women in providing them with livelihood options.
A project on 'Sanitary pad making', 'Rosewood inlay' work which is mostly led by men are also being successfully carried out by women SHGs in the district. This also adds as an inspiration to the other women across the nation.

Centre for Entrepreneurship Development of Karnataka (CEDOK):

The Centre for Entrepreneurship Development of Karnataka (CEDOK), Mysuru has agreed to conduct Employment Development Programs at all the skill training centre's based on the job roles. This is believed to promote entrepreneurship and self-employment among trainees.

Potential Industries

Food Processing:

- Owing to expanding horticulture production in the district, opportunities to integrate the value chain through Value Added Product (VAP) based industries is high.
- Packaging/processing of organic products for export is a potential area of investment.
- There is a food products cluster in Mysuru Taluk.

Textile and Handloom:

- Artisan Clusters-Earthen ware/Pottery, Jewellery, Metal Ware, shopping bag/Fancy items, Toys and decoration pieces, Wood Carving and Inlay.
- There is a Silk Cluster in Mysuru taluk.
- Government of Karnataka has proposed a Textile Park.

IT/ITES:

- Global Education Centre by Infosys, with a capacity to train 14,000 professionals at a single time.
- An IT Park is being developed at an estimated cost of INR 15 Crore.

Tourism, travel, hospitality and trade:

As discussed in the report, tourism and hospitality sector is one of the driving forces of the Mysore economy. Mysore is one of the most prominent tourist destinations in the State and attracts lakhs of tourists every year. The Mysore city has decent hotel infrastructure. However, shortage of staff with requisite skills is felt. Steps can be taken by both the private and Government players.

Government

The Department of Tourism is providing tourist guide training to SC and ST people in the district. In 2010-11, training was provided to 15 people and in 2011-12, it was provided to 40 people. Mysore also has its own street guides' association, which is an association of hundreds of private guides. The district also has five approved tour and travel guides, registered with the Department. The district also has Vidya Vikas Hotel Management & Catering Technology College, affiliated to the Mysore University. Thus, some training infrastructure already exists. However, from our primary survey, we have found that shortage of people in the hospitality industry is still being faced. People in adequate numbers and with requisite skill sets are not available. Most people lack service orientation, as is required in the tourism industry. Additionally, there is a need to train manpower in new concepts such as adventure tourism, eco- tourism and wellness industry.

Thus, there is potential for the Department of Tourism to start specialised training infrastructure in the district for tourism and hospitality industry. It can also do it in collaboration with private sector in a PPP model.

Private training providers

There is a huge scope for private training providers to set up training institutes in Mysore for the tourism and hospitality sectors. The key areas where training is required are:

- Hospitality – housekeeping, gardening, catering, cooking, facility management, security guards
- Travel operators / agents and tourist guides
- Training for preparing experts in the area of adventure sports and eco-tourism
- Training for people in the wellness industry (spa, massage centres etc.) to replicate the successful model of Kerala wellness industry

Survey Employer

Secondary Sector

Based on the information obtain of the Survey of Employer in the Secondary Sector from Survey of Employer. Totally 76 industries were surveyed in which there were 12 Large Scale Industries, 23 Medium Scale Industries and 41 Small Scale Industries. Sectors covered were both from Manufacturing and Service sector. It's found that the major requirement is in the IT Sector for the job role of Document Coder/Processor. There are requirements in Capital Goods and Life Science sectors in which at present the Short-term skill training is not training the youth in these job roles

Demand of Job Roles in Secondary Sector:

S.No	Sector	Role	Indicative Demand
1	Life Science	Chemist/QC/QA/Lab technician	30
2	IT-ITeS	Software developers/Document Coder/Processor/CRM Voice	43
3	Capital Goods	Field Officer/Executives	50
4	Apparel	Fashion designers/Pattern master/sewing machine operator	70
5	Automotive	Machine Operator/Helper/Trainees	50-60
6	BFSI	Accounts executive	20

Survey was conducted with 76 different employers in various sectors. 12 Large scale, 23 Medium scale enterprises were covered and the remaining 41 were small scale enterprises. Sectors covered mainly were Automotive, Apparel, Textile and IT. Based on the recruitment made by the employers it shows that there is ample opportunity for expanding the skill training activities to other Job roles.

Service sector

Based on the information obtain of the Survey of Employer in the Service Sector from Survey of Employer. Major demand is found in the IT sector for the job role of CRM Domestic Voice. There is need for the training centres to commence training in these job roles. There are requirements in Construction and Logistics sectors which are not being currently trained.

Demand of Job Roles in Service Sector

Sector	Role	Indicative Demand
BFSI	Accounts Executive	19
IT-ITeS	CRM Domestic Voice	48
IT-ITeS	Domestic Data Entry Operator	12
Construction	Helper	13
Life Science	Lab Technician	5
BFSI	Marketing Executive	20
Logistics	Packer	15
Retail	Retail Executive	15
BFSI	Sales Executive	16
Food & Beverages	Steward	5
Automotive	Technician	10
Sub Total for Services Sector		178

Gap Analysis

Demand Supply Gap in Manufacturing and Service sector

It's clear from the data that there more trainings were conducted in Healthcare and Apparelsectors in the district and demand is low for these sectors and job roles like Home Health Aide and Sewing Machine Operator.However, the demand and supply are high for IT and Apparel sectors in the job roles of Domestic Data entry Operator and Self Employed Tailor.

Job Role which is low in supply and low in demand is Microfinance Executive and low in supply but high in demand is Accounts executive (Accounts Payable & Receivable) in the BFSI sector.

Trades which are high in supply but low in demand

	Sector	Trade
1	Healthcare	Home Health Aide
2	Apparel	Self employed tailor

Trades which are low in supply and low in demand

	Sector	Trade
1	Banking Financial Services and Insurance	Microfinance Executive

Trades which are high in supply and high in demand

Sl. No	Sector	Trade
1	ITe's	CRM Voice and nonvoice/Software developer
2	Apparel	Sewing machine operator/Asst. Fashion designer

Trades which are low in supply but high in demand

Sl. No	Sector	Trade
1	Banking Financial Services and Insurance	Accounts Executive (Accounts Payable & Receivable)

SWOT Analysis

Details of SWOT Analysis of the district

Strengths		Weaknesses	
Sl. No	**Strengths of the District**	**Sl. No**	**Weaknesses of the District**
1	IT Industry	1	Huge commercial constructions pulling down heritage structures.
2	Traditional Mysore products are of great commercial importance	2	Land developments on all sides have encroached lung space
3	Good number of Higher Technical institutions	3	Traditional institutions not providing Skill training
4	World Famous Tourist places	4	Shortage of highly skilled people, especially at the mid and senior management levels
5	Proximity to Bangalore & Availability of a domestic airport		
Opportunities		**Threats**	
Sl. No	**Opportunities for the District**	**Sl. No**	**Threats for the District**
1	Agri entrepreneurship in Post-Harvest infrastructure	1	Youth attracted to Hyderabad / Bengaluru
2	Flourishing Tourism and Hospitality Industry/ IT and ITES/Auto parts /Construction/Food processing/Textiles and garments	2	Preference for white collar jobs as compared to blue collar and manual jobs.
3	More market for the traditional products in Mysore.	3	The existing facilities and amenities may not be sufficient for increasing tourist flow.

Strategies and Priorities based on SWOT and other inputs

- Long term Technical Training Institutions can be explored to be part of Short-Term Training Centres. Many of the private ITI's, Polytechnics, Degree colleges can be encouraged to take up Employment oriented short-term programs
- With the Tourist places being abundant in the district more youth to be trained in Tourism and Hospitality sector.
- Training of trainers in all the sectors and trades have to be organised and qualified Trainer for Skill Development Institutions should be mandatory.
- Counselling and Mobilisation has to be strengthened to include more of SC, ST, Women and minorities population of the district
- Reach out campaign should be arranged to industry and expose them to the process of Skill Training to appreciate the competency gained by the skilled manpower to make them understand that the skilled manpower should be paid higher wages than the minimum wage.
- Well trained youth in different sectors like Hospitality, Retail, Banking and automotive sector helps in making the district grow as a commercial hub.
- Trained manpower tends to migrate either to Bengaluru or elsewhere as the employment opportunities are less. So, to overcome this and more Primary sector training institutions could be setup with technology orientation to attract the youth back to their own irrigated land.

Annual Work Plan

Objectives

The major objectives of the District Skill Development Plan are:

To provide convergence platform among skilling stakeholders to standardize skilling, promote maximum utilization of resource under common skilling norms in the state

To conduct workshops, capacity building and awareness programmes to promote the skill development programmes in the district

To Study the demand and supply in district and implementing and monitoring such job roles quality training.

Develop robust skill plans, monitoring and evaluation enable MIS system covering all skilling activates align with requirement of the district

Activities

Component – 1: Institutional Strengthening at the District Levels for Planning, Delivering, and Monitoring of Skill Development Programs

A) **Orientation Program:** One day Orientation program for the accredited and affiliated TPs to be provided for the trainers to build the knowledge about Schemes its objectives among the stakeholders.
